TEXAS BUSINESS FUTURE GOOD

HOOVER CALLS PROSPERITY MEETINGS

NATION'S LEADING MEN IN ALL LINES TO MEET PRESIDENT

PLANS FOR STABILIZING AND EXPANDING AMERICAN BUSINESS TO BE MADE

WASHINGTON, Nov. 18. (AP)—The nation's foremost bankers, industrial leaders, labor spokesmen and farm representatives will journey to Washington this week at the call of President Hoover to assist the chief executive in devising plans for stabilizing American business and expanding its activities.

Abandoning his original scheme of one small conference to include representatives of all these fields, the chief executive has arranged a series of meetings to be held from day to day, each attended by men prominently identified with some particular phase of economic endeavor.

Tomorrow, Mr. Hoover will confer with the presidents of the Great Eastern railroads; on Wednesday, officials of the United States chamber of commerce and leaders of industry and manufacturing will be called in; on Thursday, spokesmen for leading farm organizations will assemble with the president; and later he will

HEIR TO MILLIONS FINDS HAPPINESS WITH SERVANT

Once more it has been demonstrated that heart and mind, despite materialistic findings, can win happiness through following the dictates of the God of Love. A few days ago, the social world was startled by the marriage of William Willock, Jr. (left), heir to millions and his mother's chambermaid. The upper picture shows the humble dwelling where the youthful heir brought his Norwegian bride. At the right is a facsimile of the license to wed which was filed in Brooklyn, N. Y. The lower picture shows the mansion of his father, where the young man first met his twenty-year-old Norwegian bride.

NINETEEN KILLED AND MANY WOUNDED MEXICAN RIOTING

OVERWHELMING ELECTION OF RUBIO CALLED FRAUD BY VASCONCELOS PARTY

MEXICO CITY, Nov. 18. (AP) — Nineteen persons were killed and more than 50 wounded in nation-wide rioting Sunday which accompanied overwhelming election of Pascual Ortiz Rubio to the Mexican presidency.

Headquarters for Jose Vasconcelos, candidate of the anti-re-electionist party, charged that supporters of Ortiz had taken charge of voting booths and through force and intimidation prevented tens of thousands from voting.

Headquarters for the revolutionary party, which supported the candidacy of Ortiz Rubio, replied today denying any but legitimate conditions had prevailed. They explained they had taken charge of voting booths under the Mexican law which says the first nine voters arriving at a booth shall control it.

The successful candidate, who has been civil engineer and soldier as well as politician, spent election day in the village of Uruapam, Michoacan, where he formerly was

BONDS PROVIDED IN COMING ELECTION BADLY NEEDED FOR SCHOOLS AND IMPROVEMENTS

With the election for the issuance of $400.000 additional municipal bonds only a week distant, proponents of the bond issue have started their final campaigning which will culminate with the declaration of the wills of the taxpayers of Corsicana on Tuesday, November 26.

Additional building which will be provided by the $275,000 issue of school bonds will relieve the congestion in the public schools for a period of years, members of the board of education declare, and will keep Corsicana among the educational leaders of Texas and the Southwest.

The total of $125,000 for municipal improvements will meet several problems now confronting the citizens of Corsicana, members of the city commission have pointed out, and will very likely enable the commission to save the citizens considerable sums of money in the near future.

All of the items included in the city's part of the proposed issue represent necessary immediate expenditures according to members of the commission and observers who keep close watch on municipal affairs. For the past several months numerous requests and petitions have been presented before the commission to pave streets in Corsicana, and all of these have either filed for future action or definitely rejected for the time being because no funds were available for paving the city's prorata part of the improvements.

Construction of a modern incinerator is also rated as one of the prime necessities of the city at present; with one case on appeal and a possibility of others being filed against the city for use of the public dump grounds; and the threat of court action would merely be postponed in the event that a new dump ground should be purchased and put into use. Burning of the refuse is the only sanitary and economical way of caring for the needs of the city, members of the commission state after a careful study of the situation.

Additional sewer lines and extensions to several old ones are also needed in Corsicana and funds must be supplied from the sale of the bonds if work in this department keeps progress with other parts of the city, and the sanitation of the city is kept up to the proper standard.

The final item, $25,000 for the purchase of a site and erection of a public market, was included at the request of more than 400 citizens and taxpayers of the city of Corsicana by petition to the city commission. The idea of a public market has been in the minds of the commission for several years but funds have not been available for such a purpose in the past.

Each of the items: schools, incinerator, street improvements, sewer extension and public market, will be submitted to the citizens of Corsicana as separate and distinct proposals for approval or rejection on November 26.

Issuance of the bonds without increasing the tax rate or the assessed values of the city will be possible, through the action of the commission in making the water department self-sustaining. In the event that the bond issue fails to carry, the department will again be forced to bear the major portion of the cost of improvements, and will be able to care for its bond requirements which are cared for out of the general interest and sinking fund at the present time.

REPORTS INDICATE FALL AND WINTER BUSINESS BE BEST

NUMEROUS TEXAS CITIES STATE BUSINESS OUTLOOK BEST EVER ENCOUNTERED

Texas business and industry are facing one of the best periods in hsitory according to reports from all sections of Texas to the Associated Press Monday. A survey of business conditions at present and the outlook for fall and winter business shows that Texas was never faced by a brighter future than at present time, despite the recent flurry in the stock market, which is held to be of little consequence in view of the numerous building projects, good crops and fanancial situation.

Reports made from the principal Texas cities and towns show plainly that there is nothing but optimism for the present and future business outlook and that the era of prosperity that has existed for the past several years will be eclipsed during the coming year.

Dallas Optimistic.

DALLAS, Nov. 18.—(AP)—Pointing out several favorable factors, business men of Dallas were very optimistic regarding the immediate future business conditions.

Brokers, business man and bankers were alike in their opinion that the bearish movement on the New York stock exchange had played itself out and that within the next few weeks a steady rise in market prices would be noticeable.

One of the favorable conditions which developed during the past week was the stimulation of cotton prices, resulting from the federal farm boar's action in placing actual cash in the hands of the Texas Farm Bureau Cotton association for distribution as loans to the farmers.

Another favorable omen was debits to individual accounts reported by member banks to the Dallas federal reserve bank for the last week showed a satisfactory total of $217,-

ALLEGED SLAYERS DISTRICT ATTORNEY IN ANOTHER JAIL

JONES AND HODGES SPIRITED AWAY FROM STINNET SECRETLY BY OFFICERS

STINNETT, Nov. 18. —(AP)— Habeas corpus proceedings were pending in district court here today for the return to Hutchinson county of Sam Jones and Jim Hodges, charged with the murder of District Attorney John A. Holmes, Sept. 13.

Jones and Hodges were taken from the county jail here Saturday night and appeared in custody of officers at Fort Worth yesterday morning, but their whereabouts today puzzled Hutchinson county residents.

It was indicated absence of the sheriff and his chief deputy and the lack of knowledge of the prisoners jail might hold up habeas corpus proceedings temporarily.

BORGER, Nov. 18.—(AP)— Somewhere in Texas, Sam Jones and Jim Hodges, indicted for the murder of District Attorney John A. Holmes in Borger last September 13, were presumably in jail today,

NEW REPUBLICAN FACTION IN SENATE WILL LAY PLANS

MEETING CALLED FOR MONDAY NIGHT BY "HOOVER REGULARS" PLAN ACTION

WASHINGTON, Nov. 18.—(AP)—The senate's newest faction, the "Hoover regulars," who have dedicated themselves to keeping the senate at work on the tariff bill, even in opposition to wishes of the constituted party leaders, will meet tonight to lay out for the first time a concreted plan of sampaign.

Dining together between the afternoon and evening sessions of the senate, this group, composed primarily of the younger—in point of service—republican members, will discuss ways and means of keeping the senate in session and the tariff measure before it in effort to reach a final vote on the bill before the close of the special session.

The "young guard," as it has come to be called, disclaims any revolt against the "old guard chieftains, in spite of the fact that it went counter to Senator Jones of Washington, acting republican leader, last week in voting against a proposed adjournment on November 23. It does claim, however, a determination to carry out the policies of the chief executive.

Senator Allen of Kansas described the new faction, with which he is identified, as "a group of fellows helping the republican party by getting the tariff bill in the best shape possible," and said the meeting was for the purpose of "passing a tariff bill within a reasonable time." Another senator who has allied himself with the "young guard," Robinson of Indiana, characterized it a "real Hoover bloc."

The rise of the "Hoover regulars," leaves the senate's republican majority divided three ways. There is the regular, "old guard," group under the leadership of Senator Watson of Indiana, now resting in the south; the independent faction, led by Borah of Idaho and Norris of Nebraska, and the new faction, apparently led by Vandenburg of Michigan, and Allen, an intimate friend of the president.

PATIENTS REMOVED SAFELY FROM BURNING HOSPITAL IN SAN FRANCISCO EARLY MON.

SAN FRANCISCO, Nov. 18.—(AP)— Fire, starting from an explosion in the X-ray room swept University of California Hospital here this morning. More than 100 patients were removed from the building but none was reported seriously injured.

Hospital attendants said the fire evidently started from an explosion of X-ray film. The X-ray room is on the third floor of the building. This floor was badly damaged by the blaze.

Miss Juanita Costenborder, telephone operator, was injured when she jumped from the third floor. Miss Costenborder remained at her post until driven out by fire and fumes.

The blaze was brought under control only after a fourth alarm had been sounded and a large part of the city's fire fighting forces has responded.

Miss Costenborder was among the first to realize what had occurred. She plugged in all the telephones in the building, first spreading the alarm to workers and patients, then calling the fire department. She stuck to her switchboard until the fumes became unbearable.

Dr. Harold Muller, hospital physician on duty, took charge of the rescue work and had the task well under way by the time the firemen got into action.

A woman maternity patient was removed to the nurses home nearby and gave birth to her child there shortly after the blaze was extinguished.

FAMOUS IRISHMAN, T. P. O'CONNOR IS DEAD IN LONDON

LONDON, Nov. 18.—(AP)—Cheered in his last moments by the blessings of the Pope and the best wishes of King George, Thomas Power O'Connor, known as "Tay Pay" and "father of the house of commons," died at 3:16 a. m., today. He was 81 years old.

Death came as the result of a septic condition in one leg which ten days ago incopaciated the aged parliamentarian.

He was active until the last stages of his illness. He visited the United States early in 1928. Ill health caught him soon after.

His mantle as father of the house of commons falls on the shoulders of David Lloyd George, liberal leader, who has represented Carnarvon, Wales, only five years less than Mr. O'Connor represented Liverpool.

Former Wife Is Held For Death Sailor Sunday

PORT ARTHUR, Nov. 18.—(AP)—Milton Lawrence, 35, a sailor from the SS. Gulflight, was shot and killed Sunday afternoon in the residence of Mrs. Jeannette Norris, 27, during an altercation between the two, Mrs. Norris told officers after she was arrested in connection with the shooting.

Lawrence was shot twice with a .44 calibre revolver, after Mrs. Norris had been knocked down by Lawrence three times

Lawrence and Mrs. Norris were formerly man and wife, she told officers, but had been estranged for about two years, during which time she had married Whintey Norris.

Sunday afternoon, she said, Lawrence came to her front door and demanded admittance, which was refused. Then he forced his way through a rear door, Mrs. Norris told police. A struggle ensued during which Lawrence fell to the floor mortally wounded. He died on the way to a hospital.

TRIAL OF ALLEGED ROTHSTEIN SLAYER OPENS IN NEW YORK

SLAYING BROADWAY GAMBLER FIGURED IN RECENT MAYORALTY ELECTION

CRIMINAL COURT BUILDING, NEW YORK, Nov. 18.—(AP)—A year and fourteen days after Arnold Rothstein, Broadway gambler, was shot, the State of New York today began the trial of the man accused of his murder, George A. McManus, race track bookmaker.

The court official shortly after 10 a. m., began calling the names of the 150 talesmen, from whom the jury will be selected. All spectators were barred.

Witnesses called included Broadway and race track habitues, associates of Rothstein, and guests and employes of the Park Central Hotel where Rothstein was shot November 4, 1928.

The slaying of Rothstein, described by District Attorney Joab A. Banton as "just a case of one gambler killing another for cheating," figured largely in the recent mayoralty campaign and in the race for district attorney.

Mayor Walker's opponents and the republican candidate for district attorney charged the Tammany administration was shielding the slayer because vigorous prosecution of the case would expose Tammany politicians and public officials as creditors of Rothstein.

FRATERNITY HOUSE ILLINOIS UNIVERSITY RAIDED; LIQUOR FOUND AND ARRESTS FOLLOW

URBANA, Ill., Nov. 18.—(AP)—A liquor raid by county officers on the Gamma Eta Gamma fraternity house brought 35 University of Illinois students face to face today with the prospect of rarest and expulsion from school.

Twelve gallons of alcohol, gin and whiskey were confiscated yesterday at the fraternity house, which officers said was being used as headquarters for a ring of student bootleggers who they believed had been operating all fall. The Gamma Eta Gamma house in three blocks from the university campus.

State's Attorney Cline and Sheriff Shoaf said padlock action would be started to close the place as a public nuisance.

Three students were arrested. William Sherman of Crown Point, Ind., sophomore, was held by officers to have been the leader in liquor sales. Alfred J. Withers of Hibbing, Minn., freshman, and Ernest Longbons of Marion, Ill., junior, were the other two held.

It was believed only a few students were actually involved in the sale of liquor, but officers regarded the entire fraternity as implicated.

Fireman Forgets Wrench; No Water And Houses Burn

PASADENA, Calif., Nov. 18.—(AP)—Bells rang! Men rushed madly about! Sirens screamed! Pedestrians ran for their lives! Brakes screeched as a mighty ten-ton truck thundreded to a stop before a burning building.

And then:

"I forgot the wrench," blushed Fire Mechanic W. C. Trepp, "with which to turn on the hydrant."

Three buildings were destroyed and three more damaged before another wrench was found.

Today City Manager R. V. Orbison had before him a request from the Fire Chief Ernest F. Coop, that Fire Captain W. L. Hildreth be tried on an inefficiency charge and that Trepp be demoted.

Two Hundred Thousand Seek Cure At Grave

MALDEN, Mass., Nov. 18.—(AP)—Famous Catholic shrines are recalled by people here with the ever-increasing pilgrimage of thousands to the 60-year-old grave of an obscure priest, the Rev. Patrick J. Power.

Two hundred thousand came to Holy Cross cemetery yesterday, city and police officials estimated. In the throng was Mayor-elect James M. Curley of Boston, who prayed for the recovery of his sick wife and later returned with her to kneel at the tomb in a drizzling rain at nightfall.

Reputed cures of physically afflicted during the past three weeks have drawn the multitude. On the first Sunday of the month 10,000 came, on last Sunday ten times that number, during the week days 10,000 to 50,000 and on Armistice day 50,000 gathered.

Cedar Bayou Project Is Allotted Funds

WASHINGTON, Nov. 18. —(AP)— An allotment of $10,000 to restore the channel in Cedar Bayou, Texas, to the project depth of five feet plus an allowance to compensate for the low tides was announced by the war department today. Besides dredging to care for winter tides, it will be necessary to cane an inner channel bend at an estimated cost of $2,000.

Important Strike In Callahan County

BAIRD, Nov. 18.—(AP)—An oil strike said to be one of the most important in Callahan county was made vesterday by the Campbell Oil Company, bringing in a 300 to 500 barrel well at 1,027 feet on the T. N. Jackson ranch, eight miles north of here. The well was believed to be in the Cooke sand, and the flow started about a foot into the sand.

BELLEVUE COUPLE SERIOUSLY INJURED IN GAS EXPLOSION

BELLEVUE, Nov. 18. —(AP)—Mrs. J. M. Redin, 50, injured last night in an explosion at her home here, died early today. Her husband also was injured critically and little hope was held for his recovery.

BELLVUE, Nov. 18.—(AP)—Burns and shock suffered by J. H. Redin, sixty, and his wife, 50, when a gas-filled room in their house exploded as a match was lighted may prove fatal to Mrs Redin.

Redin lighted the match to locate the electric light switch when the couple returned home from church last night. Accumulated gas ignited, and the explosion blew the man and his wife into the yard. Flames destroyed the house.

A leaky gas jet or pipe was believed responsible for the accumulation.

WIFE OF AIRPORT MANAGER INJURED IN DARK LANDING

DALLAS, Nov. 18.—(AP)—Preston Sneed, director of airports, came near witnessing a personal tragedy last night, just before his month of work for installation of flood lights at local landing fields was rewarded.

A plane bearing Mrs. Sneed from San Antonio crashed into the roof of a frame house when the pilot was unable to locate Love field in the darkness.

Mrs. Sneed was only slightly injured, and another passenger, Lelard D. Crawford of San Antonio, suffered slight injuries. The plane tore the roof from the building. It was demolished.

Appropriations of funds to install flood lights at the fields was approved by the city commission last week, but equipment has not been purchased.

WOMAN SHOT WHEN AID SOUGHT SECURE DOCTOR FOR FRIEND

WEWOKA, Okla., Nov. 18.—(AP)— Mrs. Emma Vannoy, 52, was instantly killed late last night by a shot through a door when she went to the home of Jack Campo, Seminole county deputy sheriff, to seek aid in locating a doctor.

Campo, said to be a former Texas ranger and a former deputy homa, under the late Buck Garrett, was held in the county jail here today while an investigation was made by the county attorney's office. Campo said he fired believing his visitor to be a robber after Mrs. Vannoy had failed to reveal her identity.

Jack Vannoy, son of the slain woman, said the Campo and Vannoy families were friendly, and his mother had intended to ask Campo to go after a physician to attend a woman ill at the Vannoy home.

Four Women Are Killed At Grade Crossing Today

HARRISBURG, Ill., Nov. 18.—(AP)—Four women were killed at a railroad crossing at Texas City, ten miles north of here, today when a Big Four train struck their automobile.

The dead are Mrs. John Foster and Mrs. Frank Blackard, both of Hazel Ridge, Ills., Mrs. Jane Pankey of Harrisburg, and Miss Pauline Graves, Gossett.

Suspected Rum Running Boats Seized Monday

GALVESTON, Nov. 18.—(AP)— Two motor launches, suspected of being rum runners, were seized today by the Coast Guard cutter, Comanche near Double Bayou and towed into port. Four men aboard the boats were held for investigation. No liquor was found on either launch.

The boats were being technically held on charges of violating navigation laws. It was unofficially reported the Comanche went to sea some days ago to search for a rum schooner. Unable to locate the schooner, the cutter returned to port, and later went o Double Bayou on information that two launches were preparing to make contact off shore with the schooner.

Col. Lindbergh Is Treated For Shoulder Hurt

ENGLEWOOD, N. J., Nov. 18.—(AP)—A nurse in the office of Dr. Walter Phillips said that Colonel Charles A. Lindbergh was treated at the home of his father-in-law, Dwikht W. Morrow, today for what she believed was a dislocated shoulder.

She did not know whether the injury was an old one received in Mexico. Officials at Teterboro airport said Lindbergh did not figure in an accident there.

The nurse, who declined to tell her name, said Dr. Phillips was "operating" in Englewood today but that the patient was not Col. Lindbergh.

Asked whether the doctor had seen Lindbergh today she replied, "Yes, he has been seeing him."

No Word of Injury.

NEW YORK, Nov. 18.—(AP)—Business associates of Col. Charles A. Lindbergh said here today they had received no word of an injury to the Flying Colonel, reported to have been treated for an injured shoulder in Englewood, N. J. A canvass of the flying fields in the metropolitan area disclosed that if the colonel was injured in an airplane accident, it was not in this vicinity.

Gin Owner Found Unconscious From Stroke at Frost

FROST, Nov. 18.—(Spl)—G. J. Bason suffered a stroke of paralysis sometime Sunday night at his room near one of his gins here. He was unconscious when found early Monday morning by employes of the gin.

His condition is regarded as serious, but probably not fatal.

His family in Las Cruces, New Mexico, have been notified.

Bennie Aldridge To Die December 9

DALLAS, Nov. 18.—(AP)—Bennie Aldridge today was sentenced to die in the electric chair at Huntsville Dec. 19 for his part in an attack on three girls here last Dec. 9. LeRoy Merriman has been sentenced to die Nov. 29 in connection with the crime.

SOUTH TEXAS C. C. OPENS TWO-DAY MEET IN CORPUS CHRISTI

APPROXIMATELY ONE THOUSAND DELEGATES GATHER FOR THIRD ANNUAL MEET

By FRED DYE
Associated Press Staff Writer

CORPUS CHRISTI, Nov. 18.—(AP)—Meeting in its headquarters city for the first time, the three-year old South Texas chamber of commerce brought approximately one thousand delegates here today for a two-day convention.

While delegates were going through the formalities of registration and getting together this morning, drum and bugle corps and bands drummed up interest in the first meeting in a theater.

Reporting on the "eight-point line of endeavor" adopted last year, Ray Leeman, general manager, outlined the status of various efforts of the organization to improve South Texas.

The eight points included such activities as proper adjustments of freight rates, the development of an efficient highway system, irrigation and conservation of water in Texas, improvement of airports and encouragement of their construction, legislation in various helpful matters, establishment of a major education institution in South Texas, advertising of South Texas to other parts of the state and nation, and an effort to make relations with Mexico pleasant and more helpful to citizens on both sides of the Rio Grande.

Farm Labor Problem

Other work outlines in Leeman's report dealt with handling the farm-labor program and efforts to control the Mediterranean fruit fly before the problem becomes a menace.

Elimination of freight differentials would mean a saving of millions of dollars to South Texas shippers, Leeman said.

Continued on Page 7)

Scrivnor Allowed Make Bond Monday

GALVESTON, Nov. 18.—(AP)—W. S. (Shiloh) Scrivnor, who once faced a life sentence after conviction on a charge of robbery by assault in connection with the robbery of the First National Bank of Texas City was a free man today for the first time in two years. Judge C. G. Dibrell directed Sheriff R. E. Kirk to accept a $10,000 bond. The appellate court reversed his case.

Two Murder Cases On Docket For Trial Canadian This Term

CANADIAN, Nov. 18.—(AP)—Two of the Borger murder cases which District Attorney ohn A. Holmes planned to trp before he was assassinated last Sept. 13 will go to trial in the term of court opening heretoday.

A special venire of 70 men was called to report today for the trial of Charlie Hale, charged with the murder of Ray Martin.

The same venire is to be called for the trial of Mr. and Mrs. Earl C Scott, charged with murder for the alleged slaying of Mrs. Bonnie Turner.

Eighteen Lost In Sinking of Freight Vessel

MEXICO CITY, Nov. 18.—(AP)—Special dispatches from Progeso Yucatan today said twelve passengers and six of the crew had drowned in the sinking of the freighter vessel Villahermosa which Saturday night was reported on the sand off Chiltepec bar. No details were given.

Many Diptheria Cases Reported

AUSTIN, Nov. 18.—(AP)—Dr. J. C. Anderson, state health officer, today issued a statement urging that all children between one and 12 years to immunized against diphtheria.

Dr. Anderson pointed out that 164 cases of diphtheria had been reported to the state health department during the past week. Last year 411 deaths were caused by diphtheria.

AGRICULTURE HAS RIGHT OF WAY IN TARIFF SCHEDULES

FORTY-SEVEN AMENDMENTS TO RATES WERE PASSED BY SENATE FRIDAY

WASHINGTON, Nov. 16.—(AP)—Action on the agricultural schedule of the tariff bill was completed today by the senate after the western republican independent-democratic coalition had virtually revised proposed rates at their will.

Sugar, over which a heated controversy had been waged, is in another schedule which will be considered next week.

Today nine amendments to raise rates on hay, straw, broom corn and fresh vegetables were adopted, adding to the 34 increases approved at last night's session.

The senate then took up the schedule embracing spirits, wines, and other beverages, and after a suggestion by Senator Blaine, republican, Wisconsin, that this schedule virtually be abandoned in view of the prohibition law, adopted the only two committee amendments to the section and recessed until Monday.

WASHINGTON, Nov. 16.—(AP)—Headed toward the highly controversial sugar schedule, the senate today began passing on remaining committee amendments to the agricultural paragraphs of the tariff bill.

At the outset of debate, increased in duties on egg plant, cucumbers, peppers and squash were approved. The rate on the first three being raised from 25 per cent ad valorem to 3 cents a pound. The duty on squash was increased from 25 per cent to two cents a pound.

Finance committee amendments to apply a seasonal tariff on egg plant and cucumbers under which the three cent duty during the winter months would be cut to one-half a cent were rejected.

Senators Fletcher and Trammell, Democrats, Florida, opposed the seasonable tariff on the same grounds on which they argued successfully against a winter reduction in the levy on tomatoes.

Would Injure Florida.

Imports of these vegetables, they contended, came from Mexico and Cuba during the winter when Florida's crops were ready for market and a lower rate at that time would be a discrimination against their state.

Approval also was given committee amendments to raise the tariffs on hay from four to five dollars a ton of 2,000 pounds and on straw from one to one dollar and a half a ton.

An amendment by Senator Gillett, Republican, Massachusetts, to levy a duty of 4 cents a pound on sweetened cocoa and chocolate in bars or blocks of ten pounds or more was adopted. The present rate is 17 1-2 per cent ad valorem but not less than 2 cents a pound. The house and senate finance committee made this duty 40 pr cent.

WASHINGTON, Nov. 16.—(AP)—Senate consideration of the sugar schedule of the tariff bill, classed with the most controversial of the measure, today awaited only the disposition of a few remaining committee amendments to the agricultural rates.

Disposal yesterday of 47 amendments—including 34 increases—was sought. The present rate on fresh tomatoes was increased from one-half a cent to three cents a pound, this being the house bill rate as contrasted with a two and one-half cent rate proposal by the finance committee. The tariff on preserved tomatoes was increased from 15 to 50 percent and the duty on turnips and rutabagas from twelve to twenty cents a pound.

Progress Checked

After passing quickly on several amendments, progress toward the sugar schedule was checked temporarily by an attack on the bill's duties on dairy products by Senator Blaine, republican, Wisconsin. Benefit from all the higher farm rates, Blaine asserted the greatest duties will go to the processor of these commodities.

"This agricultural schedule contains butk from beginning to end," he asserted.

"I am conscious of the fact," he added, "that the fourteen cent duty proposed on butter does not mean protection for the dairy people of Wisconsin. The record is that butter went tumbling down in price after the president raised the duty from eight to 12 cents a pound."

Asserting the difference in price of butter on the London and New York markets was only six cents, Blaine said this product therefore received only one half the 12 cents duty protection.

Purchase at Peak

He said the packers purchased butter from the farmers at the peak of production and sold at a time when production was only one half of the peak.

Consequently, he argued, the price immediately rose to meet the London price plus the tariff.

The farmer could not possibly benefit from the higher agricultural rates without the debenture plan, he said, adding opponents of that "bounty principle would "kill and murder" this bill rather than accept debenture.

After Blaine had finished, the house rate of $10 a ton on broom corn, now on the free list, was approved instead of $25 a ton proposed by the finance committee.

Sugar Goes Over

WASHINGTON, Nov. 16.—(AP)—The senate decided today to postpone consideration of the sugar tariff until Monday.

Senator Walsh, democrat, of Montana, first failed to obtain consent for a recess until Monday after the finish of the afternoon session when Senator Barkley, democrat, Kentucky, objected.

However, on a motion not requiring unanimous consent and to accomplish the same purpose, the senate voted favorably, 68 to 7.

The "young guard" republicans who bolted their party leadership earlier this week and voted against an adjournment from November 23 until the regular session voted today for abandoning tonight's session after Senator Vandeberg of Michigan, one of the group's spokesmen, was assured this would not interfere with night sessions next week.

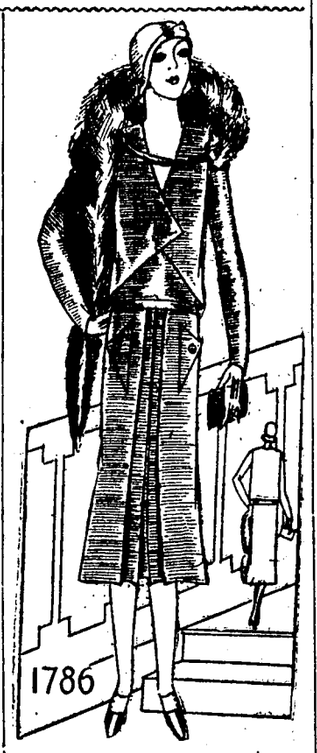

Six democrats and one republican voted against the Walsh motion. They were Senators Barkley, Kentucky; Connally, Texas; Dill, Washington; Fletcher and Trammell, Florida; and Heflin, Alabama, democrats, and Waterman, Colorado, republican.

Senator Walsh said it was "ungracious" for the younger to insist on longer sessions.

NEW BOLERO TREATMENT

PATTERN 1786

The Corsicana Daily Sun 15c Practical Pattern

A new and attractive version of the bolero jacket is illustrated in this charming model. The crossed bodice and the simulated pockets are cleverly lined in a fabric of contrasting color. The effect is ravishing! The waistline is raised and the skirt lengthened in accepted fashion.

Many fabrics suggests themselves for the development of Design 1786, Moire, wool crepe, feather-weight tweed, heavy satin or covert cloth may be selected and the results will be equally lovely. Stunning are the red, purple, blue and green shades shown this season.

May be obtained only in sizes 16, 18, 20, 34, 36, 38 and 40. Size 16 requires 3 1-8 yards of 54 inch material.

No dressmaking experience is necessary to make this model. The pattern has simple and exact instructions. Yardage is given for every size. A perfect fit is guaranteed.

Patterns will be delivered upon receipt of FIFTEEN CENTS (15c) in coins carefully wrapped or stamps. Be sure to write plainly your NAME, ADDRESS, STYLE NUMBER and SIZE wanted.

The NEW WINTER FASHION BOOK is ready for delivery. Price FIFTEEN CENTS, but only TEN CENTS when ordered with a pattern. Address all mail and orders to Corsicana Daily Sun Pattern Department, 243 West 17th Street, New York City.

BRADY ATTORNEY PROMISES SURPRISE IN MURDER PROBE

AUSTIN, Nov. 16.—(AP)—Newly appointed to head Judge John W. Brady's defense counsel, E. A. Berry, Houston, former member of the court of criminal appeals commission, has promised a "surprise" in the investigation into the death of Miss Lehlia Highsmith, 28-year-old state house employe.

Berry would not indicate the nature of the surprise.

Announcement was made by Brady's brother that the one time state democratic chairman had been retained as chief counsel for his equally distinguished fellow jurist, held without bond pending a grand jury investigation into the fatal stabbing of Miss Highsmith.

Berry immediately called an attorney's confefence after which the "surprise" was announced.

Miss Highsmith was stabbed in the left breast, the knife penetrating to her heart, last Saturday night.

DALLAS LAWMAKER WOULD SAVE BODIES AGED CONFEDERATES

DALLAS, Nov. 16.—(AP)—Rather than let the University of Texas medical college have the bodies of Confederate soldiers, or their widows, who are inmates of a state institution for the purpose of dissecting, as it is entitled to under a law passed by the last legislature, Representative Jack Kellar today said he would personally pay for the funerals of all such soldiers and widows, and so notified R. B. Walthal, chairman of the State board of control.

The representative said press dispatches had said the board of control had thus far defied the law and had advertised for bids for burial of all such bodies.

Keller pointed out, however, that authorities of the college might obtain an injunction, forcing the bodies to be turned over to them, and he wished to save the bodies of any veteran from such a fate.

The statute, Keller said, provides that the bodies of inmates of any state institution may be claimed by the University of Texas medical schoool fr dissection, if such bodies are not claimed by friends or relatives, and must therefore be buried at public expense.

"While I am certain the legislature did not realize it was subjecting the bodies of confederate soldiers and their widows to the possibility of such an indignity, such, nevertheless, is the case," he said.

Purdon P. T. A. to Present An Excellent Program on Thursday

PURDON, Nov. 16.—(SP)— The P. T. A. of Purdon is to have their first real program Thursday night, Nov. 21, at 6:45 o'clock.

A large number of parents are expected to be present at this meeting.

The program for the evening is as follows.

Regular business procedure.

Report of the representatives to the state P. T. A. convention.

History and object of P. T. A.—Mrs. N. L. Benson.

Child Welfare—H. A. Wilson.

Dialogue—Marcus Neely, Charles Shell.

The Value of a School Library—Faye Merrell.

Piano solo—Dorothy Clark.

How to Develop a Love for Reading in the Home.—Mrs. Loston.

Reading—Blanche Castles.

There was a call meeting of the teachers and officers Thursday afternoon, Nov. 14 to appoint representatives to the state convention of the P. T. A.

Mrs. A. C. Davis, the president of the P. T. A. and Mrs. N. L. Benson were appointed to fill this place.

—o—

NOTE.

The short but very beautiful poem, entitled "Toilers," that appeared in our columns in Wednesday's Daily Sun, was written by a former Corsicanan, Mrs. Merle Hayes Ponder (Joe F. Ponder) now of Dallas. Several have made inquiries as to the author, and some confused the initials, M. H. P., with Mrs. Mamie Downard Peck, Corsicana's own poet and writer of note, hence this explanation. S. C. B.

RICE HUNTERS KILL DEER.

RICE, Nov. 16.—(SP)—W. D. Bartlett and C. M. Hobs have returned from a hunting trip into Mexico near Del Rio and reported having god luck, killing two large bucks and plenty of small game.

PRESIDENT HOOVER TAKES COMMAND OF NATION'S BUSINESS

WASHINGTON, Nov. 16.—(AP)—President Hoover today assumed command of the nation's business for the purpose of leading some of its activities out of the slough into which they dropped with the rise and fall of the stock market.

Applying his favorite remedy—a conference of informed, interested and influential men—the chief executive planned "by definite steps" a stimulation of those few phases of industry which lagged behind as the country's money was poured into the security markets.

These were particularly the fields of private and public construction—railways, ships, public utilities and federal, state and municipal public works. The conference will be held next week, attended by representatives of industry, agriculture and labor, as yet unannounced, four members of the cabinet and Chairman Legge of the federal farm board.

Mr. Hoover announced this plan late yesterday and at the same time asserted that "any lack of confidence in the economic future or the basic strength of business in the United States is foolish." He pointed to the "establishment of credit stability and ample capital through the federal reserve system" to support this view and particularly to the recent announcement of a prospective reduction in federal taxes, as a demonstration of the confidence of the administration which speaks "more than words."

Construction Postponed.

Postponement of construction work in recent weeks Mr. Hoover regarded as providing "A substantial reserve for prompt expanded action, and as another favorable factor he cited "the exceptionally strong cash position of the large manufacturing industries of the country.

"The magnificent workings of the federal reserve system and the inherently sound condition of the banks have already brought about a decrease in interest rates," he said, "and an assurance of abundant capital—the first time such a result has been so speedily achieved under similar circumstances."

Outlining his plan, the President said the next step would be the organization and coordination of a "forward movement of business through the revival of construction activity, the stimulation of exports and of other legitimate business expansion, especially to take such action in concert with the use of our new powers" for the assistance of the farmer.

Many Capable Leaders.

"Fortunately," he said, "The sound sense, the capacity and readiness for cooperation of our business leaders and governmental agencies gives assurance of action."

It developed, too, that Mr. Hoover has been conferring with business leaders during the last week with regard to the proposed conference and that preliminary surveys have been undertaken by the commerce department.

These include a resume of the entire field of public construction that can be undertaken in the coming year by the federal government, states and municipalities. A part of this work has been done, it is understood by a standing committee on business conditions which Mr. Hoover organized several years ago as Secretary of the Commerce department.

Names of those who will attend the conference are to be announced within the next few days.

HUBBARD WOMAN IS BURIED WEDNESDAY IN DOVER CEMETERY

HUBBARD, Texas, Nov. 16.—(AP)—Mrs. J. T. Henderson, aged 77 years, died at her home here Tuesday night and the funeral was held from the family residence here Wednesday afternoon with burial in the Dover cemetery. The funeral was conducted by Rev. M. O. Cheek, pastor of the Hubbard Baptist church, and Rev. A. C. DeForrest, Cumberland Presbyterian minister.

Mrs. Hubbard was born in Mississippi and later resided in Arkansas. She came to Texas, locating at Tehuacana. Several years later the family moved to Dover and resided there for some time prior to moving to Hubbard 35 years ago.

Surviving are four sons, Henry Henderson, Amarillo; John Henderson, Fresno, Calif.; Alfred Henderson, Huntsville; and Jesse Henderson, Fort Worth.

YOUNG KANSAS CITY WOMAN KILLED WHEN OFFICER OPENS FIRE

ALLEGED HAVE BEEN RUNNING LIQUOR AND POINTED GUN AT SHERIFF

HERINGTON, Kas., Nov. 8. (AP)—Mrs. Louise Horton, 35, Kansas City, alleged liquor runner, was shot and killed here last night by Sheriff Sidney C. Dederick of Dickinson county when the woman and her companion, Matt Howard, attempted to escape in their whiskey laden automobile. Howard was arrested.

Deputy sheriffs for weeks had been watching a house east of Herington believing it was a hangout for liquor runners. Yesterday Sheriff Dederick received word a car from Kansas City carrying liquor would arrive at the house soon. Accompanied by Police Chief Arthur Calkins, the sheriff went to the house last night and after a wait of several hours, a car entered the yard.

Tries to Escape.

The sheriff climbed on the running board and demanded that the driver open the car doors. The driver of the car stepped on the accelerator and turned the car back to the highway. Sheriff Dederick clung to the running board and the driver was unable to shake him off by racing his car along the highway.

When the car reached a point in front of the public library here, the woman drew a revolver and pointed it at the sheriff, he said. He shot her instantly, and the driver brought the car to a stop. Sheriff Dederick said the car carried 40 gallons of liquor.

Howard said the woman had been drinking and told officers he believed she would have killed the sheriff had he not shot first. Howard denied responsibility for the liquor in the car. Questioned by officers, he said he had known the woman five months.

Wife Alleged Law Violator.

KANSAS CITY, Nov. 16.—(AP)—Police here today believed Louise Horton, killed last night at Herington, Kas., was the wife of Frank Horton, indicted by a federal grand jury last February on a charge of conspiracy to violate the prohibition law. Police also believed the woman's companion who gave his name as Matt Howard, might be Horton, her husband.

ILLINOIS NEIGHBOR FARMERS CHAMPIONS OF CORN HUSKERS

PLATTE CITY, Mo., Nov. 16.—(AP)—All honor to the rural Swedish community of Rio and Woodhull, Ill. It breeds real farmers, and the proof lies for all the world to see in two farm boys, who walked away yesterday with the national cornhusking championship.

Fighting down rows of matted ten-foot corn with heavy mud under foot, these representatives of a single community bested the champions of six other corn belt states, and when a cannon bombed the signal to halt, the national champion, Walter Olson, was but a scant half bushel ahead of his neighbor, Harold Holmes.

Not even the marathon runner can know the heart-breaking toil which goes into an 80-minute corn shucking contest, and 5,000 spectators gritted their teeth and swayed in sympathy as these two friends wrenched apart the tangled rows of corn and beat a steady rat-tat-tat on the bang boards.

It was Olson's second national—or world—championship. Last year he shucked 26.6 bushels in Benton county, Ill., to take first honors. Yesterday he picked only 25.27 bushels in the hour and 20 minutes.

FARMERS OF TEXAS PLACING COTTON IN BUREAU ASSOCIATION

DALLAS, Nov. 16.—(AP)—Texas farmers have held back a surprising amount of cotton of this year's crop and are now placing heavy consignments with the Texas Farm Bureau Cotton Association, Harry Williams, general manager, said today upon his return from Washington.

The association is the agency through which the federal farm board will distribute $2,000,000 or more, as loans on Texas cotton. The farm board has specified it would under no circumstance make loans direct to farmers or other agricultural producers, Williams pointed out.

"The Texas Farm Bureau Cotton Association has been named to handle loans in Texas, and we are swamped with orders for new contracts; that is, new members are lining up with the association and are becoming eligible for cotton loans," he said.

The association head said he was in no position to comment on a request of Gov. Moody that further money be placed at the disposal of cotton farmers through large Texas banks.

"It is late in the season, and it was generally thought most of the cotton had been sold," Williams said. "However, we learn that hundreds of farmers have held part or all of their cotton and are now ready to place it on the market."

Hubbard Student at Texas Tech Wounded

HUBBARD, Nov. 16.—Joe Blakney McGuffey of Hubbard, student of Texas Tech, Lubbock, was accidentally wounded Tuesday when a shotgun was discharged, inflicting powder burns on the forehead and a scalp wound requiring five stitches. Relatives have been advised that he is doing nicely and will be able to leave the Lubbock hospital in a few days.

TEAGUE WOMAN DIES

TEAGUE, Nov. 16.—(SP)— Mrs. Oscar Edwards, 38, died at her home here Wednesday. Interment was made in Greenwood cemetery Thursday afternoon. The deceased is survived by her husband, one daughter, and two sons.

Death Revives Pharoahs Curse For Desecrators

LONDON, Nov. 16.—(AP)—Sudden death Friday of Richard Bethell, 46, heir to the Lord Westbury, has revived discussion of the superstition of a curse resting upon meddlers with the tombs of the Pharoahs.

Bethell was secretary to Howard Carter, whose investigations in Egypt disclosed the treasures of ancient Tutankhamen. This is the tenth death among people concerned with the exploration of the old Pharoahs sepulchre.

Carter, chief disturber of the tomb, is still alive.

DAUGHTER TEXAS BANKER ENDS LIFE IN NEW YORK CITY

NEW YORK, Nov. 16.—(AP)—Miss Eleanor Bell, 25, daughter of a San Antonio, Texas, banker, was found dead today in her gas filled apartment on Morningside Heights. Police listed the death as a suicide.

The body was found by Miss Jean Douglas, who shared the apartment with her. Miss Douglas found a note in which Miss Bell was said to have expressed despondency.

Miss Bell came to New York a month ago from Washington, D. C., and found employment in the New York public library. Her father, Samuel Bascum Bell of the San Antonio Loan and Trust company of San Antonio, was notified of his daughters death.

ONE DEAD AND TWO SERIOUSLY INJURED IN AUTO CRASH

TEXARKANA, Nov. 16. —(AP)—Mrs. William R. Kimes of Los Angeles and a man believed to be Gilbert V. Chance a relative, were fighting for life in a hospital here today as a result of an automobile crash last night in which Mrs. Kimes' husband was killed and her son was injured.

Blinded by rain, the automobile, driven by Kimes, crashed into a truck on a bridge, carromed into the rail and rolled down an embankment.

Kimes was dead when picked up, and his wife and Chance were unconscious. The boy, Arthur, 17, was unable to answer questions. From letters and telegrams found in the car, it was learned the family was en route, probably, to some point in Ohio.

Sherman Gets Presbyterians' New College

AUSTIN, Nov. 15.—(AP)—Sherman, site of Austin College, won the new consolidated Presbyterian College authorized by the Texas synod of the Southern Presbyterian church last winter, at a meeting last night of the commission empowered to pick the location.

The new college will replace Austin College at Sherman, Daniel Baker College at Brownwood and Texas Presbyterian College at Milford.

Sherman was chosen on the first ballot, winning over Brownwood, Dallas, San Antonio, Fort Worth and Houston.

It was announced properties at Brownwood and Milford would be sold. Daniel Baker and Austin College will continue the current season. The Milford Institution has been idle.

The commission charged with making the selection was headed by Will A. Vinson of Houston.

A name for the new institution was not selected.

Sherman Jubilant

SHERMAN, Nov. 15.—(AP)—Residents of Sherman were jubilant today over the decision to locate the combined Presbyterian College here.

Whistles were blown and bells rung and a parade, led by bands from Austin College and the high school, marked through the downtown section.

The committee which appeared before the commission that decided the institution should be located in Sherman was greeted by more than 1,000 business men and others.

SENATE CHAMPIONS OF AGRICULTURE IN DRIVE FOR INDUSTRY

HOPE TO PLACE FARMING ON ECONOMIC PARITY WITH MANUFACTURING INDUSTRY

WASHINGTON, Nov. 15.—(AP)—Increases in the tariff rates on cherries ranging from one to over 200 percent were approved today by the senate.

Finance committee amendments recommending increases over present rates on cherries, sulphured or in brine, and on the smaller varieties imported from Italy and used extensively by eastern manufacturers were rejected and the higher house rates adopted.

The house provided a duty of five and one half cents a pound on these with stems and pits as against two cents in existing law and a rate of 9 1-2 cents a pound on cherries with stems and pits removed as compared with three cents now in effect.

Approval was given the committee proposal to increase the levy on Maraschino cherries, and cherries preserved or frozen with sugar added, from 40 percent ad valorem to 5 1-2 cents a pound and 40 percent, the same as the house bill.

The finance committee had proposed lower duties on sulphured cherries making over 900 to the gallon and higher tariffs on those counting less than 900.

WASHINGTON, Nov. 15.—(AP)—Senatorial champions of agriculture today were speeding their efforts to write into the tariff bill rates to place farming on an economical parity with industry.

The agricultural schedule, taken up out of regular order, was the subject of debate continued from a night session last night in which a score of committee amendments increasing farm product levies were adopted.

Sentiment evinced at the night session, first on the tariff bill, when for three hours the chamber wrote increases into the measure, promised short shrift for proposals of downward revision.

Debate-wearied legislators scorned roll calls on all rates in the farm product classification as they approved committee amendments increasing duties of milk, cream and related dairy products.

First action today involved a decision on cherry rates. Senators from California were at odds with members from Maryland and New York on proposed duties at the adjournment hour last night.

Work of Night Session

Amendments approved at the night session included increases in the tariff on fresh and sour cream from 30 to 56 6-10 cents a gallon as compared with the house rate of 48 cents; skimmed milk and buttermilk from 1 to 2.05 cents per gallon; unsweetened condensed milk from 1 to 1.3 cents a pound; sweetened condensed milk from 1.5 to 275 cents a pound; all other condensed milk from 1.365 to 2.53 cents a pound; dried whole milk from 3 to 6.5 cents a pound; dried cream from 7 to 12.333 cents a pound; dried skimmed milk and dried buttermilk from 1.5 to 3 cents a pound and malted milk from 20 to 35 percent ad valorem.

The levy on cheese and cheese substitutes was increased from 5 to 8 cents a pound provided the latter figure is not less than 35 percent ad valorem. Duties on live poultry were raised from 2 to 3 cents a pound and on dressed poultry from 6 to 10 cents a pound.

Oats Duty Increased

Another amendment adopted made clams, now on the free list, dutiable at 30 percent ad valorem, as compared with house proposal of 35 percent.

Acting on the first of the important grain products, an increase in the duty on oats from 15 to 16 cents a bushel was voted.

Soya beans would be made dutiable at .3 of a cent a pound under another amendment adopted whereas now they are on the free list. A raise from 2 to 6 cents a pound on dried, dessicated or evaporated cherries was approved.

McCraw Urges No Mercy For Two Assaulters

DALLAS, Nov. 16—(AP)—An appeal to Gov. Dan Moody to grant no mercy to Lee Roy Merriman, sentenced to die in the electric chair Nov. 29 for an attack upon a Dallas girl, or to Bennie Aldridge, also under death sentence for the same offense, was made today by District Attorney William McCraw.

"No mercy is merited by these men," the telegram to the Governor read.

McCraw said every precaution had been taken to save the three girls attacked from "any physical violence or from any harassment" from friends of the condemned men in an effort to obtain aid from the girls in having the Governor commute their sentences from death to life imprisonment.

Plan Improvements In Hubbard's Light System by T. P. & L.

HUBBARD, Nov. 16.—The Texas Power and Light Company is planning to rebuild the Hubbard light system since the company purchased it from W. A. Bass. New poles and wire will be placed over the entire system, it is understood, and wherever practical, the poles and lines in the business district will be placed in the alleys.

The city council is making a new contract with the company at a considerable saving from the old light rate.

Plans are under way for the extension of the "White Way" on Main street with four new standards. The proposed extension will be two blocks north of the present "White Way."

The "White Way" will burn all night in the future, instead of only a portion of the night, city officials have announced.

Bud Way of Emhouse was here Saturday afternoon.

R. A. Crowe of Whites Chapel was here Saturday.

Dan Rogers of Pickett was in Corsicana Saturday.

LITTLE GIRL DIED EARLY FRIDAY HERE FUNERAL NOT SET

Annie Lee Wilson, aged five, daughter of Mr. and Mrs. O. W. Wilson, died at the family home at 1223 West Eleventh avenue about 4 o'clock Friday morning after a short illness. Funeral arrangements had not been completed Friday afternoon.

The little girl is survived by her parents, and an elder brother and sister. Rev. R. A. Crosby, pastor of the Eleventh Avenue Methodist church, will conduct the services.

The funeral will be directed by the Corley-McMahon Funeral Home.

Popular Couple Wed In Blooming Grove

BLOOMING GROVE, Nov. 15.—(Spl.)—Miss Freddie Barham and Dr. J. J. Sheppard were married at the home of the bride Wednesday evening at eight o'clock, with the Rev. A. J. Conway of Fort Worth officiating. Mrs. Sheppard is the daughter of Mrs. Sallie Barham and was reared in Blooming Grove. Dr. Sheppard is a prominent chiropractor of this city.

Sun want ads bring results.

Nature Thought of Everything

Nature thought of everything when the human body was made. When the body is about to become ill, nature planned danger signals to warn us. Thus, if our children grind their teeth when they sleep, or lack appetite, or suffer from abdominal pains, or itch about the nose and fingers, we should know that they may have contracted worms. Then, if we are wise, we buy a bottle of White's Cream Vermifuge and safely and surely expel the worms. Thus we avoid the danger of very serious trouble. White's Cream Vermifuge costs only 35c a bottle, and can be bought from JOHNSON DRUG CO.

If you are NOT yourself

Are you being denied the happiness that is due you in life?

S.S.S.

Makes You Feel Like Yourself Again

IT is easy to abuse our golden life-given body, but Nature has a way of signaling danger. If heeded, graver troubles may be avoided. That tired, exhausted feeling, lack of appetite, aches and pains, flabby flesh, skin troubles—all speak of a body weakness—a lack of the normal count of red-blood-cells.

Every normal person's blood should contain about 5,000,000 red corpuscles to the cubic millimeter—those vitalizing, tiny red-cells which give blood its color and are carriers of nourishment to every part of the body. It is dangerous to let the red blood count remain below normal.

With an increase in the red-blood-cells, you will be on the right road to Health. This is Nature's way to body power and to clear skin. Naturally, with your strength restored, it is easier to fight disease and infection; to enjoy your food and to sleep soundly. When firm flesh takes the place of that which was once flabby, you will feel strong—your nerves will become steady—more happiness and friends will follow.

S.S.S. has been a blessing to millions of people. It helps Nature increase the red-blood-cells. It promotes healthy body building. It is time-tested and has a successful record of over 100 years back of it.

You owe it to yourself to try S.S.S. It is easily assimilated. Pleasant to take. It is on sale at all drug stores in two sizes. Ask for the larger size. It is more economical. © S.S.S. Co.

PITTSBURGH TEAM MAY SHARE HONOR WITH ROCKNE CREW

RAMBLER MENTOR DIRECTS TEAM'S SUCCESS FROM PORTABLE BED

BY ALAN GOULD
(Associated Press Sports Editor.)

ST. LOUIS, Nov. 18. (AP)—Notre Dame, if it continues along the unbeaten football trails, may have to share a full portion of the national championship honors of 1929 with at least one other team, Pittsburgh, but the dramatic laurels of the season already belong to the Ramblers and Rockne.

Football has witnessed few such illustrations of magnificent team spirit as that manifested so far in the all-conquering march of the stalwarts of Notre Dame while their guiding genius, Knute Rockne, has been fighting a battle of his own against a badly infected leg.

Rockne has been able to direct personally only three of the seven games won thus far, but so sound is "Rockne's" system, so dynamic his influence even under handicaps and so capable his corps of assistants led by Tom Lieb, that Notre Dame has swept on with relentless determination. This was the year that "Rock" predicted the boys would come through, and if they make it a clean sweep, as they seem likely to, it will be one of the greatest tributes of all time to football coaching skill.

Ran Team from Bed.

If "Rock," bundled in a cot on the sidelines, needed a tonic Saturday he got it in the spectacular 13-12 victory his pupils scored over the Trojans of Southern California. It was the first time since the Carnegie game three weeks previous that Rockne was able to be on the field. In spite of the strain, the hand-shaking and the uproar, he felt "great," he said afterward, and he looked it. Something in the unconquerable spirit of the "Rock" has been transferred to his men.

So far Notre Dame in succession has whipped Indiana, Navy, Wisconsin, Carnegie, Georgia Tech, Drake and Southern California. Four of these teams beat the Ramblers last year. No team in the country has played a stiffer schedule than Notre Dame. No team except Pittsburgh, and possibly Purdue, can show a record of sweeping triumph as convincing.

This week, Pittsburgh rests up in preparation for the Thanksgiving day finale with Penn State. This held forth bright prospects a week ago, after State walloped Pennsylvania, but Bucknell battered the Nittany Lions last Saturday, 27 to 6, and Pitt should have comparatively little trouble rounding out an unbeaten season.

No Let-Up Possible.

Notre Dame faces Northwestern this week and Army the next, with no chance of a let-up, even though each of these teams has been twice beaten. It should make the campaign a success now for any team to bowl over the Ramblers. Rockne is always the main target, and West Point will make it a grandstand finish before 80,000 in the Yankee stadium Nov. 30.

This week's biggest spectacles will be staged with all traditional pomp and panoply at Cambridge and Palo Alto, though neither can measure up to the amazing turnout of 123,000 spectators for the Notre Dame-Southern California battle at Soldier Field. Harvard and Yale will wind up their seasons before 58,000 while California and Stanford will battle in the far west before 87,000 with the Pacific Coast conference title at stake.

Both should furnish fireworks. Yale kept Albie Booth out of the game with Princeton, winning anyway 13-0, and the Eli ace should be fit for a tussle with the Crimson's sophomore passing star, Berry Wood. California barely beat Washington Saturday, 7 to 0, while Stanford was upset by little Santa Clara, 13 to 7. On past performances, at least, the unbeaten Bears figure to win and make it a great year for Nibs Price, the California head coach, as well as Captain Roy Riegel's and Benny Lom.

Many Titles Decided.

Championships have virtually been decided in the East, with Pittsburgh at the peak, and in the Big Ten, with Purdue crowded for the first time, untied, unbeaten and boasting a record that compares favorably with those of Pitt and Notre Dame. Utah has clinched the Rocky Mountain title, but in the South, Southwest, Big Six and the Pacific coast, the issues may not all be decided until Thanksgiving Day. Tennessee in the South, Texas Christian and Southern Methodist in the Southwest are among the main contenders.

The intersectional program this week features the invasion of midwestern gridirons by two more Pacific Coast teams. Washington, in spite of a disastrous season at home, has a good chance to win from Chicago, but the Oregon Aggies will run into one of the strongest teams in the country, Detroit, which is unbeaten and tied only once.

Jackson Bears Win Game Result Forfeit Hillsboro Is Scared

Successes enjoyed by the Jackson Bears, thre times champion of the negro Interscholastic League of Texas, in the games to date was too much for the Hillsboro team, which refused to play the local negro gridders Friday afternoon at the Municipal Park, sending word to the local coach, "Take the game by forfeit, we are not going to play the Jackson Bears.'

Before the Jackson Bears can claim the title of their district games are to be played with the negro elevens of Temple and Fort Worth, which are scheduled on successive week ends. The Bears are favorites to cop the championship for the fourth time in succession.

Teague High School Has Athletic Field

TEAGUE, Nov. 16.—(SP)—According to G. C. Gregory, principal of the Teague high school has made arrangements for a permanent athletic field, known as the Reagan field. Many improvements have been made on the field, chief among them being the enclosure of it with a good fence. The new field is excellent for football games, and will also be used for interscholastic league meets for the county, and for other sports.

Roaming the Realm of County Sports

By DELMORE OLSEN.

Pushing over a touchdown in the final minutes of play, the State Home Lads eliminated the Mexia Black Cats as championship contenders for the title of District 14, University of Texas Interscholastic League, Friday afternoon in Mexia 6-0. Making a great stand in the early portions of the game, the Lads kept their goal line uncrossed by Class B teams in the district for the season.

The Lads owe their place in the football sun to the efforts of Captain L. V. Knott, who plunged over for the winning touchdown late in the final period, after the Lads had carried the ball down the field on two long passes. The Lads have in Captain Knott one of the best Class B football players in the state and if he continues to play in the same great fashion in the remaining games of the season, will be assured a place on the mythical Class B all star eleven.

Four teams remain undefeated in the District 14 race, but at least two of them will fall by the wayside as a result of games to be played this week end. Groesbeck meets Hubbard, both undefeated, and Itasca plays the powerful Black Cat eleven. According to present indications, the Groesbeck Goats should be able to eliminate the Hubbardites from the championship running, and Mexia should brush Itasca out of the picture Friday afternoon.

The Lads are idle this week, and will be ready to play the undefeated team on the following Wednesday afternoon for the title. The championship game will be played Wednesday, according to present plans, because the championship must be decided by November 30. If Goesbeck wins over Hubbard, the game will probably be played on the State Home field, as the Lads played the last game between the two elevens at Goesbeck. However, the dope might be knocked into a cocked hat, Hubbard and Itasca might remain undefeated in the race, such a thing is possible but hardly probable, so we are not going to give it much consideration.

If the Lads expect to go far in the Interscholastic League race, they must do it this year, as eight of the veterans will be lost to the teams by graduation in the spring. The Lads have their hopes set on winning the regional championship, the highest honor that a Class B team can win and in order to do this must play great football until the middle of December.

Last year, the Lads lost the bi-district to McGregor, 7-6, but in the coming bi-district engagement it looks like the powerful Mart eleven will furnish the opposition for the Lads in the bid-district contest. The regional championship game is scheduled for December 14, one week after the bid-district.

All the above talk is taken for granted the Lads defeat Groesbeck for the district title, we believe the Lads can do this trick and be long gone for the highest honor bestowed on a Class B team, regional champs.

The Odd Fellow eleven, which has enjoyed a very successful season, will play the last game of the season with the Frost Polar Bears on the I. O. O. F. Field either Friday of this week or Thanksgiving Day. The Lynxes should be able to end the season without a defeat registered against them. Plans are being made to enter this strong football eleven in the District 14 race next year, and with practically the same team back should deal the opposition plenty of misery.

The Odd Fellows girls basketball teams, county champions last season, have been practicing daily for the past two weeks in preparation for the coming hardboard derby, and should be in good condition for the opening games of the season. During the last seasons play, the Odd Fellows team suffered only one defeat, that at the hands of the Providence sextette about the middle of the season.

The I. O. O. F. sextette played its greatest game the season last year against the A. Harris sextette of Dallas, and won a great deal of recognition in state basketball circles as a result of this victory. The misses should have as good a team this year, and it is doubtful that a team in the county will be strong enough to keep them from winning the county title twice in a row.

The Rice High school cagers showed plenty of power and speed Friday night by downing the Bryan five 37-6 on the Y. M. C. A. court The statements made by the team about winning the county title, are not idle threats, they can back up their assertions with championship play In Hobbs, the Rice five has one of the best hoop shot men in the county, and would make any team in the county, including the Corsicana High school, a very valuable man. If he continues his great work in the middle of the season, he will be practically assured of an all county selection.

Blooming Grove and Emhouse tangled up in a great display of close guarding and low scoring basketball in their game Friday night. A driving finish by the Blooming Grove cagers gave them a 13-12 decision over Emhouse. The Blooming Grove cagers seem to have plenty of power and drive, but showed nothing of championship calibre in their contest. However, it is pretty early in the season to be guessing winners, so we will keep Blooming Grove in the class on probation, to see what power and class they show in the Y. M. C. A. invitation tourney scheduled for December 13 and 14.

Emhouse will give some team a run for their money in the invitation tourney, and it would not surprise us to see them in the semi-finals. Farther than that, we are not going to guess, but on paper, the Emhouse five seems to be the third best team in the county.

In our estimated, Rice is the best team in the county, either Blooming Grove or Providence second, and Emhouse third. The Providence stock was boosted considerably the other day when Estes, one of the best Class B guards in the county, rejoined the team. They might be able to go some where in the race, but a great deal of improvement must be shown in the near future.

BEARS AND STEERS ELIMINATED FROM RACE ON SATURDAY

BY GAYLE TALBOT, JR.
(Associated Press Sports Writer.)

DALLAS, Nov. 18. (AP)—The Texas Christian University Horned Frogs, closer to a Southwest conference football title than a purple eleven ever has been before, will meet the Baylor Bears this week at Waco in what amounts to a warm-up for the championship duel a fortnight hence.

No matter what the result of the week's feature game, the Frogs and Southern Methodist's Mustangs will settle the title dispute when they clash November 30 at Fort Worth, that is, providing the Ponies vanquish the Rice Owls in their meeting here Saturday. There appears no good reason to doubt they will. It is customary to treat the Owls roughly this year.

The field of title contenders was slashed to two teams when the Frogs won their first triumph in history over the Texas university Longhorns, 15 to 12, and the Mustangs eliminated Baylor, 25 to 6, in a brace of colorful games. It was the eighth straight victory for the Frogs and their third over a conference team. The Methodists likewise are undefeated for the season, but have been tied by Nebraska, Texas and Howard Payne college.

Two Contests Carded

Outside of the tilts here and at Waco, the conference will be inactive for the week. The Longhorns and Aggies will not take the field again until Thanksgiving, when they will sold their annual rumpus at College Station. Their bout will lack some of the glamor of seasons past, when it often has had an important bearing on the championship.

The Aggies, incidentally, finally rung up a conference victory after three straight reverses. They plucked the Rice Owlets, 26 to 6, at Houston and left Jack Meagher's boys in full possession of the cellar.

Arkansas will loaf out th week, preparatory to meeting the Oklahoma Aggies on Thanksgiving. The game wil count in the Razorbacks' conference standing and might possibly boost them into third place. Centenary was the latest victim of the Porkers, succumbing 13 to 2 on a muddy field at Fayetteville.

Both Texas Christian and Southern Methodist proved themselves of championship calibre of Saturday. Their battle for the title a week from Saturday should produce sensational football. It undoubtedly will attract the greatest crowd ever to see a football game in Fort Worth.

Horned Frogs Favorites

Providing they can defeat Baylor this week, the Horned Frogs will go into the final contest needing only a tie to capture the championship. They will be favorites to down the Golden Bears, who wilted under the barrage of passes hurled by the Methodists here Saturday. The Frogs uncovered an effective aerial game in downing the Longhorns.

Cy Leland, speedy Christain halfback, electrified the memorial stadium crowd with a 90-yard run for his team's first touchdown. Bob Gilbert, Mustang quarterback, was the outstanding figure in the Ponies' victory over Baylor. His rifle-like passes demoralized the Bruins in the second period, when the Methodists scored three touchdowns within eight minutes.

The standing:

Team—	W	L	T	Pts	Op
T. C. U.	3	0	0	52	17
S. M. U.	2	0	1	37	13
Texas	2	1	2	78	15
Baylor	1	1	1	37	45
Arkansas	2	2	0	66	71
Aggies	1	3	0	53	45
Rice	0	3	0	6	89

Tie counts half game won and half game lost.

Simon Thomas of Eureka was here Saturday afternoon.

Wortham Bulldogs Defeated Teague in Teague on Friday

TEAGUE, Nov. 18.—(Spl).—The Teague Lions met defeat at the hands of the Wortham Bulldogs here on the Reagan Field Friday afternoon. The Lions were doped to take the game, and this is the first time that hhe Lions have ever lost to the Bulldogs.

Botter, Teague quarterback, due to an injured knee, was unable to enter the game, and Botter is the one man who always carries the ball for gains, and is also the surest tackle on the team. Kennedy, captain of the team, played only a small part of the game. The final score was 34 to 6 in favor of the visitors.

THREE INTERESTING BASKETBALL GAMES STAGED HERE FRIDAY

FOUR COUNTY SCHOOL TEAMS AND TWO INDEPENDENT TEAMS CLASH

Practically every kind of basketball was unreeled in the three games played Friday night on the Y. M. C. A. court In the first encounter, the Y. M. C. A. Triangles, showing at times the old flash and fire that characterized their play last season, defeated the Emhouse Independents 36-19 The second melee between the Blooming Grove and Emhouse high school quints afforded the spectators a low scoring, close guarding diversion with the Blooming Grove five rallying in the final minutes to win a 13-12 decision. In the finale, the Rice high school team flashed a bewildering offense and air tight defense to win over the Bryan aggregation 37-6.

Using the services of two of the "cannon fodder' squad in the places of regulars, the Y Triangles had a tought fight to overcome the scrapping Independent five of Emhouse, and in the first quarter were badly outplayed by the visiting team which jumped into the lead early in the initial period when Tinkle and Doyle each looped a field goal in quick succession. At the end of the first period the score was still in favor of the Emhouse five, 6-4.

White, former player on the Richland Independents, entered the game for the Triangles in the second period, and livened things up, creating havoc with the visitors offense and was the main cog in the Trinagle offense. The remainder of the team followed White's example and soon ran up a commanding lead, the period ending with the score 13-8, Tringles.

In the final half, Harold Green, pivot man for the Triangles, got right ringing four field goals to bring his total up to fifteen points for the game, and sewed up high point honors.

Stewart, guard, led the Independents scoring with three field goals closely pressed by B. Doyle with five points.

Following is the box score of the game.

Emhouse Independents:

Player—	f.g	f.t.	p.f.	t.p.
Tinkle, f	2	0	2	4
M. Doyle, f	0	1	0	1
B. Doyle, c	2	1	0	5
Stewart, g	3	0	0	6
Benton, g	1	1	1	3
Total	8	3	3	19

Y. Triangles:

Player—	f.g	f.t.	p.f.	t.p.
Eady, f	2	0	2	4
Harris, f	4	0	0	8
White, f	3	0	1	6
Green, c	7	1	1	15
Sheppard, g	0	1	0	1
Tyner, g	0	1	0	1
Total	16	4	2	36

Officials: Referee, Varnell.

In a close guarding, low scoring tilt, the Blooming Grove cagers won a 13-12 decision over the fighting Emhouse five in the second game of the evening. The contest was featured by a driving finish by the Blooming Grove cagers to overcome a five point lead amassed by Emhouse in the first part of the final period.

Gray, Emhouse forward, put his team in the lead by ringing three field goals in quick succession in the final period, and for a time it seemed like the Emhouse cagers were headed for a victory over the highly touted Blooming Grove team that showed nothing of championship calibre in the scrap, save the final rally by Gardner, George and McCormick.

Gray with four field goals was high point man of the contest, Gardner, Blooming Grove center, was next in scoring line with two field goals and a brace of free throws to run up a total of six points.

C. Johnson and N. Johnson, guards for Emhouse, played a great game, breaking up many incipient rallies by the Blooming Grove forward line. McCormick and Griffin were on the job throughout the game in keeping the Emhouse front line from scoring.

The box score—

Emhouse:

Player—	f.g	f.t.	p.f.	t.p.
Gray, f	4	0	0	8
Drain, f	0	0	0	0
Stokes, c	1	0	0	2
Allen, c	0	0	0	0
Owen, c	1	0	0	2
C. Johnson, g	0	0	1	0
N. Johnson, g	0	0	2	0
Total	6	0	3	12

Blooming Grove:

Player—	f.g	f.t.	p.f.	t.p.
George, f	2	0	2	4
Thrash, f	0	0	0	0
Brooks, f	1	1	1	3
Gardner, c	2	2	0	6
Griffin, g	0	0	0	0
McCormick, g	0	0	1	0
Total	5	3	4	13

Officials: Referee, Sheppard; Umpire, Owens; Timer, Broughton; Scorer, Olsen.

With Hobbs and J. W. Medford running wild, scoring almost at will, the Rice high school five swamped the Bryan quint under a 37-6 count in the final game of the evening. Bryan, doped in early season as one of the favorites to come through for the county title, offered little playing that was of championship style, and unless considerable improvement is made by the West Navarro county team, they will be eliminated from championship possibilities.

Hobbs and J. W. Medford scored thirty of the victors' points on "crip shots" under the goal, with both stars able to hit the ring with machine like regularity. The Rice defense kept Bryan at bay, forcing them to resort to half court tosses at the basket, two of which were registered for the only field goals of the game scored by the losing aggregation.

By their performance in this game, the Rice cagers served notice to teams in Navarro county that they were out for the county title, and backed up their assertion by championship play.

The Box Score

Bryan—	f.g.	f.t.	p.f.	t.p.
Gorman, f	0	1	0	1
Simms, f.-g.	0	0	0	0
E. Dosser, f.	0	1	2	1
Dosser, c.	2	0	1	4
Ragan, g.	0	0	0	0
Brister, g.	0	0	4	0
Total	2	2	7	6

Rice—				
L. Medford, f.	2	1	2	5
J. W. Madford, f.	4	2	1	10
Hobbs, c.	9	2	1	20
Brewer, g.	0	0	1	0
Bartlett, g.	0	0	1	0
Miles, g.	1	0	3	2
Total	16	5	9	37

Officials: Referee, Broughton; Timer, Sheppard; Scorer, Olsen.

DAWSON

DAWSON, Nov. 16.—(SP)—Miss Retha Majors was a Waco visitor Sunday and Monday.

Mrs. W. R. Chancellor went to Ennis for a visit with relatives.

Miss Mary Jane Newton, who is attending the State university, spent last week end here with her parents, Mr. and Mrs. C. M. Newton.

Mrs. J. W. Thatcher and son, Dennis, of Marshall visited Mr. and Mrs. J. W. McElroy and Mrs. Mattie Sims from Saturday to Monday.

Miss Eula Lockwood spent last week end in Waco with relatives.

Mrs. Jess Dickson and Miss Alleen Pitts were Corsicana visitors Tuesday.

Miss Pauline Wright of Palmer spent last week-end with Miss Ruth Waddill.

Mrs. Earl Sawyer and little daughter of Waco spent Armistice day here with relatives.

Mrs. Scroggins and Mrs. Jones of Mt. Calm, spent Armistice day here with Dr. and Mrs. J. R. Dickson.

Mr. and Mrs J. U. Lee spent last week-end in Waco with relatives.

James D. Hill and Olen Berry of Houston spent last week-end here with home folks.

Miss Jewell Sawyer, who is teaching in Malone, spent last week-end here with her parents, Mr. and Mrs. J. B. Sawyer.

Miss Mabel Mabry spent last week-end here with Mr. and Mrs. H. F. Pitts.

Miss Katy Pearl Reynolds, who is teaching in Corsicana, spent last week here with her parents, Mr. and Mrs. J. H. Reynolds.

Miss Alice Webb spent last week-end in Itasca.

J. B. Greenway spent last week-end in Troy with home folks.

Harvey Ballew was an Austin visitor Saturday and Sunday.

Miss Gladys Williams spent last week-end in Hillsboro with relatives.

Several Tests Near Dawson Are Planned

DAWSON, Nov. 16.—(SP)—Acreage has been blocked east of Dawson and extending to Richland creek for the putting down of tests for oil. The recent inclement weather conditions have hampered the begining of th tst, but four or five tests will be made in the immediate future.

Afton Crocker formerly of Corsicana, but now living in Dallas was in town Saturday afternoon visiting friends.

Dawson Bulldogs to Play Malakoff Team

DAWSON, Nov. 18.—The Dawson Bulldogs are making preparations for their game on the local field against the Malakoff Miners, Thursday.

The local club is working out daily and should be in fine condition for the game.

FRIDAY'S TIE GAME WILL BE PLAYED OFF TIGER FIELD 2:45

ONLY PROTEST TO PLAYOFF LATER WITHDRAWN; NO RULE IN DISTRICT FOUR

Corsicana's Tigers and the Temple Wildcats will meet in Tiger Field Tuesday afternoon at 2:45 in an attempt to restore one of the teams in the race for the district four title race, according to and announcement made early Monday morning by Coach John A. Pierce.

Season tickets will not be good for admission to the game, high school officials stated, and admission will be fifty cents and one dollar. Efforts were being made Monday morning to secure officials for the game; if efforts are successful, Dutch Myers of T. C. U., Charlie Graun, Joe Utay and Jack Roach, will officiate.

Efforts to rematch the game were started Saturday and were not concluded until late Sunday night. All of the teams in the district agreed to the play-off of the tie, with Waco raising the only objection, contending that tie game should be counted, but the Brazos contenders could suggest no method of counting the tie game in the percentage column in the absence of a rule on tie games in district four.

Both Teams Crippled

Both teams were reported handicapped for the second engagement coming so rapidly on the heels of the bloody battle at Temple last Friday, but both are expected to be ready for a hard fight. Coach Pierce announced Monday that it was not likely that either Captain Nelson Ross or Goodman would be able to play in the Tuesday game, but reported they should be able to play against Waxahachie Friday.

Robert Wilson, half-back who was forced from the game with an injured leg last Friday will likely be ready to play for at least a part of the game. A number of the linemen are nursing numerous sore spots but will be in playing condition tomorrow afternoon.

Temple reports several men on the injured list, and both teams will probably take the field with a changed lineup. No special train is expected to accompany the Temple team, but it is probable that several hundred fans will accompany the teams by automobile for the contest. Arrangements were being made Monday for a special wire from Corsicana to Temple for the benefit of the Bell county fans.

Only Objection Withdrawn

Rumors of the return engagement flew thick and fast Saturday and Sunday, but final arrangements were not completed until late Sunday night. Permission was secured Saturday from Roy Henderson, head of the interscholastic league, who asserted that he believed that in justice to both teams, the game should be replayed. The proposal was then submitted to other members of the district, and since only the single objection was made and that later withdrawn, no formal vote was taken, and the game will be played by unanimous consent.

In the event that either Corsicana or Temple is restored to the race, the final outcome of the district four battle will not be determined until Thanksgiving day when Corsicana meets Cleburne at Cleburne and Waco meets Temple on Woodson field. Of course, there are a number of "ifs" that enter into the situation, but it is possible for a triple tie to result for league honors.

The extra game, however, will place a handicap on both the Temple and Corsicana for the remainder of the season, with the Tigers sufering most. Temple will be forced to play three games in two weeks, while the Tigers will be confronted with the severe test of four games in the same period of time: Temple twice, Waxahachie and Cleburne.

W. H. Thorne of Navarro Mills was in Corsicana Saturday.

Prominent Young People of Frost Were Wed Saturday

FROST, Nov. 18.—(SP)—Miss Annie Faye Ledford, daughter of Mr. and Mrs. J A Ledford, and Ernest Hooser, son of Mr and Mrs. S. S. Hooser, were married at the residence of the bride's parents, Saturday afternoon at 5 o'clock The ceremony was performed by Rev. N. L. Range, Baptist minister of Frost.

After a several days' honeymoon to San Antonio and other South Texas cities, Mr. and Mrs. Hooser will make their home in this community where Mr. Hooser is engaged in farming.

Both Mr. and Mrs. Hooser were born and reared in this community.

PAPERS ARE MERGED AT CORPUS CHRISTI; KINSOLVING HEAD

CORPUS CHRISTI, Nov. 18.—Consolidation of the Corpus Christi Caller and the Corpus Christi Times, morning and evening newspapers, respectively, here, was announced Saturday by the publishing firm of Marsh & Fentriss, owners of the Caller, and Houston Harte, Bernard Hanks and Grady Kinsolving, owners of the Times.

Ownership of the properties has been acquired by the Caller-Times Publishing company, with Grady Kinsolving as president and general manager and E. S. Fentress as vice president. Houston Harte is secretary-treasurer of the company and Roy Miller is chairman of the board of directors. Other directors include Bernard Hanks of Abilene and Charles E. Harsh of Austin.

The Caller and Times will continue to issue as morning and afternoon dailies, with a combined Sunday edition to be known as the Corpus Christi Caller-Times.

MEXIA MAN DIES

MEXIA, Nov. 18.—(SP)— Estol Everett, 27, son of Mr. and Mrs. Hugh Everett of Mexia, died in Grand Saline late Saturday after an illness of only 24 hours. The body was returned to Mexia for burial. The Everett family is a pioneer one here.

T. M. Collins of Emhouse spent Saturday in Corsicana.

Jack Ray of Oak Valley was here Saturday afternoon.

Melvin Carter of Eustace was a Corsicana visitor Saturday.

IT IS NOW TIME TO BUY YOUR TURNING PLOWS.

Busters, Stalk Cutters, Drills, and Harness of all kinds. When you are in the market we will be glad to have the pleasure of showing you what we have and the prices we have on our merchandise. We have people telling us that have bought and that are buying that we have lower prices on all of our merchandise than others that have been to see. We have everything in the grocery line, and hardware, harness, implements and gas and oils. Make our place your headquarters when you come to town. We will always be glad to have you.

CORSICANA, TEX., NOV. 15, 1929.

MR. HOOVER PROCLAIMS THANKS.

President Hoover's first Thanksgiving proclamation is a conspicuous departure from its forerunners in one respect. While it lays due emphasis on the material blessings of abundant harvests, in most parts of the country, and the unexampled quantity and quality of the fruits of industry, it also cities an impressive array of imponderables.

Peace at home and abroad naturally comes first in the mind of the chief executive who has taken world leadership in this cause. Growth of popular enlightenment through the advancement of scientific truth and the diffusion of knowledge is no less important to President Hoover, himself an expert in an important branch of science, than his engineerng interest in the progress of work for the prevention of flood and pestilence. Advance in the safeguarding of the public health and the security of childhood, and new knowledge on many fields from which a deeper wisdom may grow, are enumerated among the blessings for which the nation should give reverent thanks to God.

But the man who clothed the naked, fed the hungry and succored the ailing in war-torn Belgium and other lands, is solicitous to urge that Americans should extend to others, less fortunately placed, a share of their abundance. President Hoover's Thanksgiving proclamation is eloquent, thoughtful and lofty.

WHAT WE NEED.

There are many things we need in Navarro county, but a few are vital and outstanding above all others.

We need stability — the will power to determine what is right and a determination to see that only that which is right prevails.

We need a spirit of unanimity—the ability and willingness to agree upon what we want and then go after it and get it.

We need aggressiveness—for without aggressiveness, indolence and stagnation will be our lot.

We need loyalty — for without loyalty we will be enriching commercial interests at distant points and impoverishing our people at home.

Some communities thrive and grow because of their natural advantages. Others are made only through the dogged energy and perseverance of their citizenship.

Ours will be what we make it, and we should make it all that we can.

FALL'S FIVE-YEAR CASE.

In November, 1921, Albert B. Fall, then secetary of the interior, received in crisp new bills the $100,000 from "Ned" Doheny which was the price of the award of the California naval reserve oil lease to E. L. Doheny, oil millionaire. The transaction became known in 1923 and Fall was indicted in 1924.

In 1929, or five years after the criminal prosecution started, comes the final conviction. Probably a year must still elapse before his sentence can become effective pending appeals through the court of appeals and the supreme court.

The facts in the history of the Fall case afford the best comment yet upon the devices shrewd lawyers cast in the path of the execution of justice in the federal courts.

Jumping at conclusions is said to be bad exercise.

THE NUTMEG SENATOR

Senator Hiram Bingham's speech in his own defense was further evidence, if any were needed, of his unfitness to sit in the senate as a representative of a great commonwealth. He denied no finding of the investigating committee; he did employ Charles L. Eyanson, assistant to the president of the Connecticut Manufacturers' association; he did take him to closed meetings of the finance committee as it worked on the tariff schedules; he did put him on the senate payroll; but he saw no harm in these acts, and even when the point has been carefully explained to him, he is merely angry because men he deems not as honorable as himself should question his honor.

The senator has the choice between two horns of a dilemma. If he employed Mr. Eyanson in the interests of the high-tariff manufacturers of Connecticut, he transgressed not only against the code of the senate, but against the code of all decent citizens who believe that tariffs should be made in the interests of the whole people rather than of particular organizations of men or capital. On the other hand, if he was not conscious that in employing Mr. Eyanson as he did he was doing something which no man of high honor and scruples would do, the senator from Connecticut brands himself a fool.

Having studied Mr. Bingham for some time, we are inclined to believe Mr. Bingham rates himself superior to other men, particularly to his colleagues in the senate; that he is so conscious of his own rectitude that he thinks whatever he does is proper and right; and that this contempt for others at last brought him into an impossible situation, out of which he could not emerge with credit, but in which the only course for him to pursue was to acknowledge his fault. And that is exactly what a man of Mr. Bingham's peculiar mentality could not bring himself to do.

DR. F. P. CULVER.

Dr. F. P. Culver, pastor of the First Methodist church for the past three years, was honored with a banquet Tuesday night, given as a mark of the high esteem in which he is held by his Corsicana friends. The Central Texas conference recently closed at Hillsboro saw fit to transfer Dr. Culver to the Cisco district as presiding elder.

During his three years stay in Corsicana Dr. Culver made many friends, not only in his own denomination but throughout the city. He is a forceful preacher, a student and a friend of humanity. Although quiet and retiring in manner he is a man of strong convictions and each of his messages delivered from his pulpit carried a lesson and much food for thought. He never hesitated in stating his position on any subject but always made his views known in such a manner as to hold the sincere respect of those who might not agree with him. His many Corsicana friends will join in sincerely wishing him success in his new field of activity.

The American Red Cross deserves your support. Do not put off answering the annual roll call. Send in your membership without delay. There is no other humanitarian agency that accomplishes as much as does the Red Cross. It is known around the world for its activities in time of war and peace. The Red Cross is always first on the ground when any great calamity occurs.

The early Christmas buyer will have the cream of the stock from which to make selection and will receive more personal attention from the clerks. Do your Christmas shopping early, avoid the rush and assist the merchants and clerks to give you service.

SIXTY YEARS OF SPORT.

Wednesday was the anniversary of the first intercollegiate game of football ever played. It was played at New Brunswick between teams of Princeton and Rutgers. Special exercises in honor of the anniversary were held.

There was no intercollegiate football in England until February 10, 1872, when Oxford and Cambridge teams met for the first time.

During the last 60 years the American game has passed through many stages. In the early days of intercollegiate sport "professionalism" was common. A Harvard professor, tells of the time when first-year law school men were permitted to play on the freshman team, and he cites one man, as a law student, who never attended any classes, but was always in every game. Nowadays no man may play in intercollegiate sports unless he is regularly enrolled in the college and unless he maintains a passing grade in his class work. The standard in college sport is higher today than at any previous time.

The charge against college sports nowadays is not that outside experts are smuggled into the teams, but that the college expenses of athletes are paid for them. The charge is sometimes admitted, and many of the colleges are asking, "What of it?" Young men with athletic ability are getting an education without cost to themselves along with other young men who have no aptitude for sports. And football, as Provost Penniman, of the University of Pennsylvania, has just reminded the public, pays the expenses of other college sports, besides providing money for the athletic equipment of the University, which it might be difficult to get from other sources.

The speakers at the Rutgers celebration had a fine opportunity to remind the Carnegie Foundation, which is much wrought up over the subject, that college sports have survived much worse abuses than those which they are now charged with.

TWO CAN EARN MORE THAN ONE.

Investigation conducted in various cities disclose an increasing tendency among married women and mothers to enter into gainful occupations. One-third of the 40,000 employed women in the nation's capital are married and many of that number are mothers. Many are actuated by the desire for financial independence and others by economic necessity.

Here is a subject demanding serious consideration. If the time comes when the vast majority of women must enter the factories, stores and offices to help maintain homes and support children the inevitable outcome will be fewer homes and children. To permit such a condition would mean race suicide.

And, in the final analysis, the fact must not be lost sight of that economic laws work both ways. Large families are now forcing mothers into gainful occupations. With large numbers of women thus engaged the birth rate must fall. The receding birth rate and children reaching the self-supporting age will release mothers and wives from outside employment, with the result that the birth rate will again climb. From here the process will begin all over again.

Every indication points to much oil activity in this section of the state. The trend of development seems to be headed this way again and a large amount of Navarro county acreage is held under lease by the major companies. These holdings are being steadily increased. It is only a question of time until Corsicana will see another great drilling campaign.

The assortment of explanations issued by Senator Bingham should include one for everybody.

KIRBY DENIES HIS TARIFF BODY WANTS BLACKS IN CONGRESS

HOUSTON, Nov. 15.—(AP)— John H. Kirby, Houston capitalist, in a statement here today, vehemently denied what he described as charges the Southern Tariff association is affiliated with the republican party and favors election of negroes to congress.

The Kirby statement referred to recent testimony before the senate lobby committee that J. A. Arnold, manager of the Southern Tariff association, had sponsored a plan to "blacken the democratic party," by putting negro candidates in the race for congress in the north as democrats in order to 'hold in line" the Southern states that went for Herbert Hoover in the last election.

Kirby, now in Hot Springs, Ark., recently was before the United States senate committee investigating lobby conditions at Washington.

His statement, wired to Austin Callan, an associate, follows:

"The charge emanating from the Caraway committee at Washington to the effect that the Southern Tariff association of which I am president is affiliated with the republican party or that this association favors the election of negroes to congress is a slanderous fabrication and utterly without foundation. If the views on the tariff of the members of this committee become effective it will mean bread lines and soup houses in our industrial centers and poverty and distress in our country homes. It was to safeguard our people against such disaster that the Southern Tariff association was organized nine years ago and has been openly and aggressively carrying on ever since. Notwithstanding the organization is non-partisan, substantially 90 percent of those who have contributed to its support are democrats."

ATTORNEY DUMPS CASH JUDGMENT ON TABLE IN COURT

SAN ANGELO, Nov. 15.—(AP)—District court spectators who lingered Thursday night witnessed an unusual demonstration of mahogany decorating when James Cornell, attorney, dumped $34,516.70 in ten and twenty dollars bills on a table as final payment to W. A. (Dutch) Smith under an agreement whereby Smith and heirs of his deceased wife, Mrs. M. A. Smith, ended a long court battle over wealth that poured from a West Texas goat ranch in the form of oil.

Cornell had asked the court to decide whether the money should be paid to Smith or his receiver, Claud B. Smith. The court held the money should be paid to the guardian. Thereup Cornell dumped the huge pile of currency on a mahogany table and proceeded to count it out. After checking the count, Claude Smith replaced the money in a cloth sack and packed it through the streets under his arm to a bank.

FORMER RANGER IS MADE CHIEF POLICE FOR CITY OF MEXIA

MEXIA, Nov. 16.—(Spl).—Ed B. McNordie, assistant superintendent of the State School for Boys at Gatesville, has accepted the post of chief of police of Mexia, vacated by A. R. Mace, who is now chief at Borger.

McNordie was for eight years sheriff of Coryell county and was a ranger in Mexia during oil boom days.

WEAK SPELLS

"I WAS so weak," says Mrs. Josephine Cockcroft, of Baldock, S. C., "that I was not able to do anything.

"At certain times, I suffered dreadfully with pains in my back and sides. My head would hurt—felt like it would split open. Spells of weakness would last for weeks.

"I read of Cardui. I sent for a bottle and began taking it. My case was stubborn, and at times I almost lost hope, but I could see a little improvement. At last I began to feel much better. Then I improved rapidly. For the last year I have been in better health than I ever have been before.

"I give the credit to Cardui, for after I had given it a thorough trial, I got well."

NEW UPRISING IN REPUBLICAN RANKS FORCES SENATE REMAIN IN SESSION WITHOUT RECESS

BY FRANCIS M. STEPHENSON
(Associated Press Staff Writer.)

WASHINGTON, Nov. 15.—(AP)—Surprised by a new uprising in republican ranks, emanating principally from the newer members classified as "Hoover regulars," the weary senate was plugging ahead on the tariff bill today with its prospective week's recess before the regular session overwhelmingly denied.

Without warning this new republican bloc came to the surface yesterday to strike out against the party leadership and to join that other republican faction, the western independents, in voting against the 7 days recess unless the tariff bill is passed.

The new members made no speeches and expressed no opinions to the harrassed senate leadership which turned on them heatedly, but they passed the word they intended to keep the senate in constant session in an effort to get the tariff bill on the way before December and circulated a round robin pledging members to be present.

Night Sessions Demanded.

Stubbed by this new show of independence which had thrown their week of rest overboard, the senate leaders turned tables and demanded night sessions of three hours in addition to the regular eight-hour daily meetings, and the weary senate was grumbling away today in a faint but desperate hope of getting the triff bill out of the way before the regular session.

Political observers were studying with interest today this new political phenomenon arising in an already politically historical senate session which has seen a substantial group of western independents bolt the leadership of President Hoover and, joining with the democrats, assume control.

The new republican faction is counted among the strongest supporters of the president in the senate. It apparently has no leadership and apparently arose in protest at the proposal of a week's vacation from the lang grind on the tariff.

At least, Senators Vandenberg of Michigan and Sackett of Kentucky, who are generally credited with organizing the revolt, insist they are not its leaders. They say privately the group has only one purpose—the passage of the tariff bill before the regular session—and arose without leadership as a common expression of concerted views.

It was Senator Harrison, democrat, Mississippi, who retaliated by demanding the night sessions, and he served warning in emphatic language he would expect all those who opposed the adjournment to be constantly on hand.

Speaking back for the republicans who left the party leadership on adjournments, Senator Robinson of Indiana, said they intended to stay on the job until the tariff was completed. Senator Vandenberg immediately circulated a round-Robin petition pledging members to attend all sessions, and he had well over 20 republican signers today.

SIGNS WITH RESERVATIONS.

BRUSSELS, Nov. 16.—(AP)—Louis Franck and Paul Van Zeeland, Belgian delegates to the recent Baden-Baden conference on the Bank for International Settlement today signed the report of the experts, with reservations. The two delegates left Baden-Baden before the close of the conference when Basel, Switzerland, was selected as the seat of the bank instead of Brussels.

REPORTED SOVIETS BEGIN OFFENSIVE AGAINST CHINESE

AIRPLANES AND ARTILLERY USED IN LATEST RUSSIAN TROOP ACTIVITIES

TOKYO, Nov. 18.—(AP)—Dispatches from Harbin, Manchuria, to Rengo, Japanese News Agency, today said soviet troops had begun a new offensive against Chinese in the Dalainor-Manchuli sector of Western Manchuria.

Eighteen Red Army planes were said to have bombarded Dalainor at 7.30 a. m., yesterday and to have destroyed a railway train between Dalainor and Chiekang, next station southeastward.

After noon soviet artillery commenced a bombardment of Manchuli and simultaneously several hundred infantry attacked Dalainor and Shiekang. Manchuli later was said to be isolated with the situation of Japanese nationals there unknown.

One report from Harbin said soviet planes destroyed a Chinese airdrome at Botanko, 90 miles west of Pogranichnaya, in Eastern Manchuria.

Fierce Engagement Sunday

SHANGHAI, Nov. 18.—(AP)—A Reuter's dispatch from Harbin today stated engagements lasting through the greater part of yesterday had taken place betwen Chinese and Russian forces at Manchuli and Chalanor. The reports said the Chinese Eastern Railway had been cut 15 miles each of Manchuli.

Dispatches of Kuomin, official Chinese news agency, from Harbin received here a few hours previous to the Reuter advices, reported soviet airplanes over Manchuli. This report said the soviet forces had mounted twenty-five heavy guns on the Manchurian-Siberian border and trained them on Manchuli.

The Kuomin dispatch also said: "Mongolian forces, recruited by the soviets in outer Mongolia for the purpose of invading Manchuria refused to attack Chinese forces."

HOUSTON DOCTOR HELD CONNECTION FATAL SHOOTING

HOUSTON, Nov. 18. —(AP)— A "friendly argument" at the home of Dr. W. H. Ross yesterday led to the death of Gordon Ross, formerly in Omaha meat market proprietor, and the arrest of Dr. J. C. Ellis on a charge of murder.

Dr. Ross, brother of the slain man, was the only witness to the shooting. He said the two men were having a "friendly argument" when he returned home from an automobile drive. There was a scuffle, and two shots were fired, one of them piercing the abdomen of Gordon Ross. He died at a hospital.

Various Towns in County to Be Visited By Tax Collector

Mrs. Joe Woods, county tax collector, announced Monday morning that a representative of that office would be in the following towns on the dates designated to collect taxes for the convenience of tax payers:

Rice, Tuesday, November 19.
Dawson, Saturday, November 23.
Blooming Grove, Wednesday, November 27.
Frost, Saturday, November 30.

District Court.

The following have been summoned as petit jurors for the eighth week of the October term of the Thirteenth judicial district court, for the week begining, Monday, November 25:

R. W. Gross, Corsicana; Charlton Gunter, Corsicana; L. D. Hall, Corsicana; J. D. Haynie, Corsicana; Byron Harwell, Corsicana; Preston Harrison, Corsicana; H. T. Jackson, Corsicana; H. C. Jester, Corsicana; J. C. Lawrence, Dawson; F. N. Matthews, Dawson, D. M. Wilkes, Dawson, D. N. Wright, Dawson, C. O. Coker, Eureka 1; T. E. Boyd, Corsicana 6; J. D. Holland, Frost; John Ingram, Frost; W. S. Kendrick, Frost; R. L. McClure, Frost 2; W. N. Dycus, Corsicana; M. R. A.; W. H. Putnom, Corsicana M. R. A.; J. J. Minatra, Emhouse; H. C. Richards, Emhouse; C. E. Booker, Corsicana 4; H. G. Chandler, Corsicana 4; J. R. Oden, Purdon 1; J. J. Widmer, Purdon 1; J. E. Norris, Corsicana M. R. A.; H. D. Talley Corsicana 3; W. H. Bryant, Powell; H. C. Jackson, Purdon 2; G. C. Kent, Corsicana; J. M. Kerr, Corsicana; A. H. Kerr, Corsicana; Frank King, Corsicana.

Several jurors supposed to have reported for jury service Monday morning were fined $25 each for failure to answer to their names by Hawkins Scarborough, district judge.

Calvin Lynch, negro, plead guilty to an indictment for manslaughter Monday morning in the district court in connection with the fatal cutting of J. Butler, negro, near Dawson, Aug. 8, 1926, and was given a five-year suspended sentence. Sentence was pronounced by Judge Scarborough. The testimony showed that the defendant was shot during the altercation at the time Butler was fatally wounded. The state was represented by W. W. Harris, assistant county attorney, and the defense by Ballard W. George.

District Clerk's Office.

The following case was filed:
Jewell Andrus vs. Oliver Andrus, divorce.

County Court.

Civil business was considered in the county court Monday.

Sheriff's Office.

A white man from Sweetwater was arrested Sunday by city officers and turned over to the county and lodge in jail on a charge of disturbing the peace. It is alleged that the accused man visited his children in the State Home here and threatened to kill his former wife and himself. A formal complaint was filed against him by Sheriff Rufus Pevehouse Monday in Judge Cordan's court.

A. H. Holloway, constable at Kerens, arrested Ellis Ryne, negro, and lodged him in the county jail here on a complaint or assault with intent to murder in connection with the alleged shooting into a house at Kerens Sunday. No one was injured. The negro was still in the county jail Monday morning.

J. P. Cook and N. J. Cole were arrested at Navarro and brought to the county jail Sunday in connection with the alleged theft of mattresses, pillows and quilts belonging to P. E. Jones at Navarro Saturday night. The two men were placed in the county jail and formally charged by complaint with theft in Judge S. B. Jordan's court Monday morning. Deputy Sheriffs J. M. Westbrook and Jack Floyd answered the call to Navarro.

Deputy Sheriffs Westbrook and Floyd arrested one person for alleged vagrancy and one for alleged drunkeness Monday morning.

Rovalty Deed.

Mrs. P. Carpenter to James V. Carpenter, 1-16th interest in 30 acres of the T. O. Jones survey, $5 and other considerations.

Mrs. P. Carpenter to Ama Carpenter, 1-16th interest in 30 acres of the Mathias Parsons survey, $5 and other considerations.

Mrs. P. Carpenter to Purdom Carpenter, 1-16th interest in 30 acres of the Mathias Parsons survey, $5 and other considerations.

Mrs. P. Carpenter to Mina Banks, 1-16th interest in 30 acres of the Henry Brown and T. O. Jones surveys, $5 and other considerations.

Marraige Licenses.

Wm. F. Dingler and Ila Mills.
Chester Hicks and Inez Jones.

PRISONER SAWED WAY OUT LOCKHART JAIL IN DAYLIGHT

LOCKHART, Nov. 19.—(AP)—Officers today scoured this territory for H. E. Shields, 35, serving two terms for automobile thefts, who sawed his way out of the Lockhart jail yesterday.

Sheriff Walter Ellison arrived just in time to prevent a general escape. Ellison saw Shields jump from the window. The sheriff covered the opening with his gun and prevented others from following Shields. Six other prisoners were in the jail.

Visitors were believed to have carried in the saws.

APPROACHING RELEASE OF SINCLAIR EXPECTED BRING BIG MERGER OIL INDUSTRY

TULSA, Nov. 18.—(AP)—The Tulsa World says today that Mid-Continent oil men see in the approaching release of Harry F. Sinclair from jail at Washington, D. C., the vehicle which will bring about a plan to merge the Sinclair companies with the Priarie Oil and Gas company.

Negotiations for the merger the World says, have been under way for several months.

The Prairie Petroleum company will be created as a holding unit, and the fifty per cent interest that the Standard Oil company of Indiana has in the Sinclair Crude Oil Purchasing company and the Sinclair Pipe Line company will be increased by selling the remaining 50 per cent interest to the Standard of Indiana.

The Prairie corporation according to the plan will embody the Prairie Oil and Gas company, the Sinclair Oil and Gas company, the Prairie Pipeline Company, the Sinclair Refining company, and other closely allied concerns, and the producers and Refiners companies.

The World says it is learned the Standard Oil company of Indiana is contemplating further expansion moves, if it gets the balance of the Sinclair Pipeline and Sinclair Crude Oil Purchasing companies. The Dixie Oil company is its mid-continent producing subsidiary and the Dixie Pipeline company would be created to take over the duties of the two units now owned in part.

This position it was said, would bring A. W. Peake, at present president of the Dixie company, into the position of director of the Standard and bring about the promotion of some Dixie official, or possibly the transfer of some outstanding official of the Mid-West Refining company to the presidency of the Dixie.

The Chevrolet Red "O. K. That Counts" Tag Protects Your Used Car Purchase

Used car buyers in this community have learned that they can have perfect confidence in any used car that has attached to its radiator cap the Chevrolet red "O. K. That Counts" tag.

Under the terms of Chevrolet's used car policy, originated to protect the used car buyer, every reconditioned car we offer for sale is identified by means of this red tag attached to the radiator cap.

This tag is purchasers assurance that the car to which it is attached has been gone over carefully by expert mechanics—that it has been thorougly reconditioned, and that the price is based tn the car's actual ability to render service.

Due to the great popularity of the new Chevrolet Six in this community, we have on hand at this time an unusually large group of these "O. K.'yd" cars. If you are in the market for a dependable used car—come in. You are certain to find the car you want, at a price that will positively save you money.

Make a small down payment and drive the car away — balance on easy terms.

PROMPT APPROVAL FOR TAX REDUCTION DUE FROM CONGRESS

FACTIONAL SPOKESMEN OF BOTH HOUSES VIRTUAL ACCORD IN SANCTIONING CUT

WASHINGTON, Nov. 15.—(AP)—Prompt congressional approval of the treasury's new scheme of tax reduction was betoken today by an almost unanimous agreement among party leaders that the nations's tax payers should benefit as quickly as possible from the prosperous financial condition of the government.

Factional spokesmen of both houses, save only those of the western independent republicans, were in virtual accord in sanctioning Secretary Mellon's plan of lopping a full one per cent from all normal schedules of income taxation.

Administration supporters were quick to speak their approbation and were joined by democratic leaders of the house. Senate democrats agreed, too, but held out the possibility of demanding an even greater reduction than that advanced by the treasury, conditioning their full approval upon more definite information as to prospective federal needs and revenues than is now available.

Independents Non-Committal.

The western independents were non-committal, although it was indicated they would raise no serious objection. Their position has been that treasury surpluses should be applied to reduction of the national debt, on the theory this result decreased federal disbursements for interest and indirectly permits lowered taxes.

But while there was virtual unison upon the Mellon proposal, the attendant treasury suggestion that legislation be enacted to permit the administration to altar tax rates under a scheme similar to the flexible provisions of the present tariff law, failed by far to evoke the same degree of commendation.

The flexible tariff provisions have been the subject of a vigorous and protracted controversy in connection wth the pending tariff bill. Meeting the determined opposition of the democratic-independent republican coalition, President Hoover's desire for a continuation and an extension of the authority conferred upon him by the present tariff law was denied and the power now vested in him relagated to congress.

Similar opposition is expected to develop to the flexible plan for revising the tax schedules. Under the treasury scheme, the administration would be empowered to alter tax rates to fit estimated government revenues and expenditures. In this way, the treasury could determine each January what the rates on incomes of the year just closed would be. This, in the opinion of Undersecretary Mills of the treasury department, would not interfere with the regular provisions of the revenue law nor preclude a permanent reduction in tax rates.

Secretary Mellon's new proposal for reduced taxes is intended to be of temporary effect. It is planned that the changed rates be embodied in a joint resolution of congress which could be adopted without the delay that would arise from a general revision of the revenue laws. The resolution would be applicable only to taxes on incomes of the present calendar year and by its expiration automatically restore the present rates when taxes on incomes of 1930 become payable.

Tax Reduction to Be Passed Early

WASHINGTON, Nov. 15.—(AP)—Representative Tilson of Connecticut, the republican house leader, predicted after a call at the White House today that the treasury tax reduction proposal would be passed by the house before the Christmas holidays.

Tilson said he canvassed the possibility of early passage of a tax bill with the president and was confident no objectioon would be interposed in the house to this course.

The treasury proposal is for a one per cent reduction in the individual and corporation rates.

The house leader said he had held conferences with various groups in the senate and felt little difficulty would be met there.

He added a resolution to carry out the reduction would be referred to the ways and means committee as soon as the December session convened.

NINETEEN KILLED AND MANY WOUNDED MEXICAN RIOTING

(Continued From Page 1)

governor and where his family lives.

May Start Revolt.

Vasconcelos was said here to have passed election day at San Blas, Sinaloa. There was no confirmation that he would carry into effect frequent threats of himself and partisans to set himself up as rightfully elected president, maintaining his claims by force.

Despite the bloodshed and rioting Mexican officials professed to be satisfied at what was called a "comparatively quiet election day." Calvary and infantry contingents paraded streets of the principal cities, rushing quickly in answer to frequent emergency calls, probably, it was said, preventing worse conditions.

Available figures showed eight killed in Mexico City and six in other parts of the republic, with five policemen killed at Toluca when the truck in which thev were riding was wrecked. The wounded, some of them seriously injured, passed 50, of whom 25 resided in Mexico City.

Rioting Near Palace.

Principal rioting in Mexico City occurred within a few blocks of the National Palace, at the Juncture of La Avcenda Madera and La Calle Bolivar. Several trucks of Ortiz Rubistas clashed with Vasconcelistas listening to speeches from their campaign headquarters.

In an exchange of shots and a rain of stones and pieces of asphalt from the pavement two persons were killed outright and many wounded. Two died later. Two hundred police intervened and restared order. Outside the capital one was killed and 12 wounded at Villa Cecilia, near Tampico, four killed in fighting at Vera Cruz, and one killed at Cordoba.

Actual count in the presidential race will not be known probably until early in December when returns are sent to the chamber of deputies for official canvass.

Fraud Is Charged.

There was no doubt as to the outcome of the voting. Ortiz Rubista headquarters claimed their candidate polled more than 1,000,000 votes; headquarters for the Vasconcelistas tacitly admitted defeat, but claimed fraud and asserted Vasconcelos was the rightful president of Mexicans.

The president-elect was formerly minister to Germany and subsequently ambassador to Brazil. He was goverhor of Michoacan in 1917, and afterwards minister of communications in the cabinet of Adolfo De La Huerta and General Albaro Obregon. He was educated as an engineer and put his knowledge into practice as an army officer where he finally attained the grade of general of brigade. He followed such leaders as Venustiano Carranza, Adolfo De La Huerta, Plutarco Elias Calles and the late General Obregon.

Election Day Quiet Along Border Sunday

EL PASO, Nov. 18.—(AP)—As observed from the Texas side of the Rio Grande, presidential election day in Mexican border cities proved an unusually quiet affair.

Candidate Ortiz Rubio of the revolutionary part was accorded majorities in most of the cities, with the possible exception of Piedras Negras, across from Eagle Pass, Texas, where his opponent, Jose Vasconcelos, was reared and has a strong following. At Juarez, El Paso's Mexican neighbor, Rubio was conceded a six to one victory, while at Nuevo Laredo, sister city to Laredo, Texas, the election excited little interest and a small vote was cast. None reported disturbances.

Interest at Juarez centered in the mayorality race where Gustavo Flores, Rubio supporter, was given a large majority, said to be even larger than that conceded the presidential candidate.

A group of American highway engineers returning from Monterrey said pre-election day there found Monterrey with no excitement or disturbances.

Calles Is Happy

PARIS, Nov. 18.—(AP)— National revolutionary party headquarters at Mexico City today informer former President Calles in a transoceanic telephone call of the result of Sunday's elections and the victory of Pascual Ortiz Rubio.

On behalf of the former president, the Associated Press was informed that General Calles was naturally happy at his party's victory and glad "order generally had maintained."

It was announced General Calles, General Juan Andreu Almazan, and other members of their party here would return to Mexico by way of New York aboard the Bremen sailing from Cherbourgh December 5.

Attending doctors said the former president was completely reestablished in health. He is ready, it was said, to take up duties of direction of the National railways.

REPUBLICANS MOVE FOR NAMING WENTZ OKLAHOMA GOVERNOR

OKLAHOMA CITY, Nov. 18.—(AP)—A definite "Wentz for governor" move, was launched today among republican party leaders here to select a new state chairman and secretary. A pledge to throw full support behind Lew H. Wentz, wealthy Ponca City oil man and chairman of the state highway commission, was circulated among attendants for signatures.

P. D. Bearly, lumber man, and Fred C. Clarke, insurance agent, both of Oklahoma City, were the most prominently mentioned candidates for the republican state chairman to succeed the late Frank Parkinson. It virtually was agreed before the meeting to permit the new chairman to name the secretary, who will succeed Faymond Fields, Guthrie newspaper editor, resigned.

SICK AND CONVALESCENT

A. D. McKinney is in the Corsicana Hospital and Clinic Monday for medical treatment.

Monroe Speed was able to be carried to his home in Kerens from the Corsicana Hospital and Clinic Monday.

Mrs. D. G. Epps was able to be carried from the Corsicana Hospital and Clinic to the home of her mother, Mrs. Frank Sheppard.

New Orleans Spots Steady.

NEW ORLEANS, La., Nov. 18.—(AP)—Spot cotton closed steady 14 points down. Sales 5677; low middling 15.75; middling 17.25; god middling 17.75; receipts 8,204; stock 51,685.

Liverpool Spots Higher.

LIVERPOOL, Nov. 18.—(AP)—Cotton—Spot moderate demand; higher; American strict good middling 10.51; good middling 10.11; strict middling 9.91; middling 9.71; strict low middling 9.51; low middling 9.26; strict good ordinary 8.80; good ordinary 8.46. Sales 6,000 bales, 4,000 American. Receipts 12,000 American 11,700. Futures closed quiet:

December 9.32; January 9.34; March 9.43; May 9.53; July 9.58; October 9.57.

New York Cotton Steady.

NEW YORK, Nov. 18.—(AP)—Cotton opened steady at a decline of 6 to 10 points under Southern selling and local or commission house liquidation promoted by relatively easy tables. There was some trade buying and covering, but demand from shorts was less active following the advances of late last week, and by the end of the first half hour prices showed net losses of 19 to 23 points with January selling off to 17.49 and May to 18.05.

Considerable liquidation of December contracts appeared during the middle of the morning, and the early decline extended to 17.35 for that position while March sold off to 17.77 making net losses of about 21 to 23 points on more active positions. At mid-day December was selling around 17.41 with active months ruling about 13 to 16 points net lower.

Futures closed steady 26 to 29 points lodwer. Spot quiet; middling 17.50.

New Orleans Cotton Easier.

NEW ORLEANS, Nov. 18.—(AP)—The cotton market opened easier due to much lower cables than due. First trades showed losses of 3 to 6 points. The market eased down further on account of good weather, continued weakness in Liverpool and a less firm technical position but the market was a result of the recent sharp advance.

December traded down to 17.31, January to 17.44 and March to 17.74, or 16 to 18 points below Saturday's close. At the end of the first hour the market was steady but at the lows.

The market continued to ease off under good weather, a decline in the stock market and unfavorable textile news. December went to 17.28, January to 17.41 and March to 17.70, or 20 to 21 points under the last close. At noon the market was quiet and steady and a point of two above the lows.

Hamilton-Beeman Memorial Ass'n in Regular Meet Friday

The Hamilton-Beeman Memorial association had a meeting at the home of Mrs. Preston Lea, West Seventh avenue, Friday afternoon at 3 o'clock. A satisfactory number were present, and a most enjoyable two hours went by before they dispersed.

One or two new members were enrolled, and other business transacted and an interesting program was enjoyed.

The historical sketches were read and appreciated. The two heads of families represented at this time were J. R. Love and wife, and Robert LaFayette Ferguson and wife. These little bits of personal history afford pleasure at the present, to the members who are working to give the cemetery the care it should have,—and it is expected to be interesting to generations of descendants in the future.

Little Miss Mary Ann Gillespie, gave two fine readings, and Mary Love Ferguson, played two sweet numbers on the piano.

Mrs. Lea and Mrs. Tom Garner, who were joint hostesses, served dainty refreshments.

The drawing for the quilt was made and Mrs. Roy Love was the lucky lady thistime.

Another quilt will be disposed of on the sixth of December.

A rummage sale will be held next Saturday, Nov. 23, and all members of the association whether in town or country, are expected to help in it.

Those who are unable to bring things will please phone Mrs. Ted Ferguson or Mrs. John Lynd, and they will come for them.

After these activities are completed the association will rest, until after Christmas, so every one is urged to work now.

Mrs. W. A. Wofford of Dallas, Mrs. Meigh Owen and Miss Lida Lea were visitors.

WOOL AND MOHAIR GROWERS TO FORM MARKETING BODY

SAN ANGELO, Nov. 18. —(AP)—C. G. Randall, named by the federal farm board as chief of its division of wool and mohair marketing, represented President Hoover's farm board when the committee of fifteen named in Chicago last month to draft articles of incorporation and by-laws of the wool and marketing organization met here today.

The committee will place the selling unit's code in final form for presentation to the National Wool Growers association when that body opens its annual convention here Wednesday.

Committee sessions were executive. L. B. Palmer of Columbus, Ohio, president of the Ohio Wool Growers Cooperative association and vice president of the Wool Growers association, presided over the committee conference.

TEAGUE YOUTHS INJURED

TEAGUE, Nov. 16.—(SP)—Oscar Dawson and Charlie Ray Rawls were both badly bruised, though not seriously injured, Thursday afternoon when the Ford car in which they were riding turned over, when one of the back wheels was crushed. The car was badly damaged. The accident occurred on the highway east of Teague.

HAVE FINE BOY

Mr. and Mrs. John L. Shul had a fine 8 pound boy born to them Thursday morning, Nov. 14th. Baby and mother are doing nicely.

Grain and Provisions

CHICAGO, Nov. 18.—(AP)—Wheat scored fresh early advances here today, influenced by steep upturns in Liverpool quotations and by Argentine reports that black rust was spreading.

Starting 1-4c to 3 1-4c higher, Chicago wheat afterward reacted a little and then climbed again. Corn and oats were also stronger, with corn opening 3-4c to 1 3-8c up, but subsequently sagging somewhat Provisions held steady.

Wheat closed unsettled 3-4 to 1 1-4c per bushel under Saturday's latest figures.

Corn closed 3-8 to 7-8c off, oats 1-8 to 3-4c down, and provisions varying from 7c setback to a rise of 12c.

SHEEP: 25,000; strong to 25c higher; lambs 12.50 to 13.25; ewes 4.25 to 5.85.

IN MEMORIAM.

In loving memory of our dear friend Mrs. Lacy Sharrer.

The death angel visited the home of W. T. Sharrer on October 27, 1929 at 6 a. m. and took from him his loving wife. She was sick in bed almost two weeks. All was done that loving hands could do, but God saw fit to call her home out of her paint and sufferings.

She was born on Nov. 19, 1866 and was married to W. T. Sharrer on August 29, 1889. To this union were born six children, all of whom still survive her.

She has lived a true, christian life. At the time of her death she was a member of the Baptist church at Bazette.

She leaves to mourn her death her husband, six children, three sisters, one brother, a number of grand children and other relatives and a host of friends for she was loved by all who knew her.

She was laid to rest in the Prairie Point cemetery with Bro. Cartlidge of Athens and Bro. Corkern and Bro. Everheart of Kerens conducting the funeral service.

Death has stroked its icy hands
On one we loved so well;
And took her home to heaven
Forever there to dwell.

Our darling friend has left us;
She has gone to live on high;
She is living in that country
Where they never say good-bye.

No more will we hear her laugh,
Or those smiles so bright to see;
But up in the Glory world
He we hope to see.

A friend from us is gone;
A voice we loved is still;
A place is vacant in that home,
That never can be filled.

She is free from pain and troubles;
She is wrapped in spotless white;
She will live forever with Jesus
In that land of pure delight.

When our journey here is ended,
And our Savour calls us home;
Let us be prepared to meet her
On that bright and happy shore.

Her loving friends,
ERMA McDOWELL.

Negro Was Given Ssupended Sentence

Abe Thomas, negro, entered a plea of guilty in Thirteenth judicial district court Monday to an indictment for alleged statutory rape and was given a 5-year-suspended sentence. Sentence was pronounced by Hawkins Scarborough, district judge.

The jury for the week was excused until Wednesday morning.

SOUTH TEXAS C. C. OPENS TWO-DAY MEET IN CORPUS CHRISTI

(Continued From Page 1)

"The most important work of the organization in the development of an efficient highway system has been under the direct supervision of the highway committee appointed during the year by O. W. Killam, president of the regional organization," said Leeman's report. "In the spring, this committee, with committees from East and West Texas chambers of commerce formed an 'allstate highway committee' which subcommittees. At the last meeting the committee submitted a resolution on purpose and prepared an exhaustive survey of highway conditions in the state. This has been submitted by members of the executive committee and has been approved by them.

Highway Plans

"This committee will have for its aim in the future completion and hardsurfacing of the 20,000-mile system of designated highways in the state." In that connection the "hug the coast highway association" formed to promote a highway along the gulf from Orange to Brownsville also met here today.

The general managers report also stated "since San Antonio is spending $150,000 for the purpose of bringing tourists to San Antonio and South Texas, the South Texas chamber of commerce plans to tie up with the tourists bureau to reap benefits for all South Texas towns."

Robert Lee Bobbitt, of Laredo, state attorney general, was the principal speaker at the opening session, presided over by his fellow townsman, Mr. Killam.

Grady Kinsolving, publisher of the Corpus Christi Times and Caller, is the general convention chairman. New officers will be elected tonight.

Among prominent visitors here are Judge Hayne Nelms of Groveton, president of the East Texas chamber of commerce, and Hubert M. Harrison of Longview, manager.

ALLEGED SLAYERS DISTRICT ATTORNEY IN ANOTHER JAIL

(Continued from Page 1)

but their whereabouts were known only to officials immediately concerned with keeping an eye on them.

Spirited out of the Stinnett jail, reputedly one of the strongest in Texas, Saturday afternoon, the two men, accompanied by Deputy Sheriff Red Burton and Officer Lee Shannon, left for destinations unaccounted. They bobbed up in Fort Worth Sunday morning, were left in jail a few hours, then disappeared again. Last night Burton was recognized in Waco, but denied Hodges and Jones were with him. Shannon presumably accompanied Burton, as he was scheduled to appear before a grand jury in Waco today; but Burton would not say where they left their prisoners.

In the mantime, District Attorney Clem Calhoun at Stinnett, county seat of Hutchinson county, was equally secretive, declaring he didn't know where the men were, nor did he care. His sentiments were endorsed by County Attorney Henry Myers, and neither man would say why the prisoners had been spirited away from the jail "except for safe keeping."

The wil o' the wisp trail led from Waco to Austin thence to Shreveport, with the report that Sheriff Moore of Hutchinson county had been in Austin and was going to Louisiana, looking for some one. The governor, however, was not in Austin, precluding the possibility that a requisition was issued yesterday, and officials at Shreveport could throw no light on the mysterious activities.

Sheriff in Austin.

AUSTIN, Nov. 18.—(AP)—Sheriff C. O. Moore of Hutchinson county, who was in Austin today on his way back to borger, denied knowledge of the whereabouts of Sam Jones and Jim Hodges. Moore was returning from Huntsville where he relivered 17 prisoners to the state penitentiary.

Waco Detective Secured.

WACO, Nov. 18.—(AP)—"Red" Burton, Hutchinson county deputy sheriff and a former State ranger, today sought and was granted the services of Lee Huff, Waco city detective, in his investigation of the John A. Holmes murder case in Borger.

Burton complimented Huff by saying he considered him one of the "best criminal investigators in the state."

The officers planned to leave for an unannounced destination, where Sam Jones and Jim Hodges, held in connection with the Holmes slaying, were confined.

Burton said he had reason to believe a confession in the Holmes case would be forthcoming.

LITTLE GIRL WAS BURIED SATURDAY OAKWOOD CEMETERY

Funeral services for Annie Lee Wilson, aged five years, daughter of Mr. and Mrs. O. W. Wilson, 1225 West Eleventh Avenue, who died at the family home Friday morning at 4 o'clock after a short illness, were held from the family residence Saturday afternoon at 3 o'clock with interment in Oakwood cemetery.

Rev. R. A. Crosby, pastor of the Eleventh Avenue Methodist church conducted the funeral services.

The little girl is survived by her parents, an elder brother and an elder sister.

The funeral was directed by the Corley-McMahon Funeral Home.

No Special Union Thanksgiving Service

At the regular bi-weekly meeting of the Corsicana Ministerial association held Monday morning at the Y. M. C. A., a resolution stating "that it is the opinion of this body that each church put on its own Thanksgiving program according to the dictates of its own conscience" was unanimousty adopted.

Revs. Floyd W. Thrash, pastor of the North Corsicana Methodist church, and J. W. Copeland, pastor of the Methodist Protestant church, were introduced as new members of the assembly.

J. W. EDENS BUYS NEW SERVICE ICE COMPANY FACTORY

Announcement of the purchase of the Service Ice company, which company erected a new and modern plant in Corsicana, starting business last May, was made Friday by J. W. Edens, manager of the Southern Ice and Utilities company here. The deal, involving an outlay of $75,000 was consummated in Dallas Thursday with Kennemer Brothers, owners of the Service Ice company, selling the plant to Mr. Edens personally.

When questioned about the deal Friday morning by a Sun reporter Mr. Edens admitted that he had closed a deal for the new local plant and that it cost him $75,000. He stated that the plant would continue in business but that he was as yet undetermined whether he would incorporate a company and let some of his friends in on the business or not. This, he stated, would be worked out and decided upon at a later date. He also stated that he still was remaining as manager of the Southern Ice and Utilities company for the present and that his plans had not yet been thoroughly decided upon.

Stating that he had the opportunity of purchasing the new plant and business here at what he considered a fair price he made the deal personally and as above stated, future plans have not yet been worked out. He may decide, he said, to incorporate or form a company and give some of his friends a chance to enter the business. He will take over the business on December 1st.

Mr. Edens is a Corsicana man in every sense of the word. He was born and reared here and graduated from the local high school. He has been in the ice business for the past fifteen years as assistant manager and recently as manager of the Southern Ice and Utilities company and manager of the Southern Creameries. He has made many friends by his sterling honesty and courteous treatment of all with whom he comes in contact and his business ability is unquestioned.

Kennemer Brothers of Dallas erected the plant of the Service Ice company here during the early spring of 1929 and it is modern in every respect and is located at the corner of Fourth avenue and Twelfth street, catering to the wharf trade only and not making deliveries.

FUNERAL SERVICES FOR G. R. BROWN HELD SATURDAY

Funeral services for G. R. Brown, aged 71 years, who died at the home of his daughter, Mrs. M. S. Crouch, 702 West First Avenue, Friday morning at 6:30 o'clock, were held Saturday afternoon at the Marshall cemetery near Corbet where interment was made. The funeral cortege left Corsicana at 2:30 o'clock. Mr. Brown had been ill for some time.

Surviving are his wife, seven daughters: Mrs. J. M. Galloway, Mrs. M. S. Crouch, Mrs. J. D. Bryant, Mrs Will Owen, Mrs. W. E. Gathright, Mrs. W. M. Gathright and Mrs. P. R. Hernendez; fourteen grandchildren and five brothers: W. T., F. M., Joseph B., J. A., and D. H. Brown.

The funeral was directed by the Corley-McMahon Funeral Home

Cotton Advised As Preventative For Cockroaches

DALLAS, Nov. 18.—(AP)— Nine hours after it crawled in, a cockroach was removed from Mrs. W. C. Black's right ear, still alive and kicking.

"What treatment do you advice?" Mrs. Black asked Dr. E. C. Lyon.

"Stuff cotton in your ear every night," Dr. Lyon answered.

"What good will that do?" his patient inquired.

"It will keep the roaches out," Dr. Lyon answered.

NATION'S LEADING MEN IN ALL LINES TO MEET PRESIDENT

(Continued from Page 1)

meet with leaders of American labor.

To Banish Pessimism.

As an important result, the chief executive hopes to dissolve and banish all foolish pessimism as to business conditions, which he considers emphatically sound, to obviate any ill effects that might arise from the recent and extensive decline in security prices and to stimulate into high activity those few fields of business that fell behind during the boom and collapse of the stock market.

The president expects to accomplish this purpose by working through existing and recognized agencies, and sees no necessity for creating some "super-organization" to put its hhoulder behind the project. To co-ordinate the plans evolved by the group conferences, general meetings such as he planned at first can be held.

Looks to Organizations.

Mr. Hoover looks to organizations such as the United States chamber of commerce, the American Federation of Labor, the American Railway Association, the American Bankers' Association and various farm organizations to make full use of their present machinery in achieving the results he has outlined.

Because of the shortness of time, only the heads of the Eastern railroads are to attend tomorrow's session. Later in the week, however, the American Railway Association is to hold its annual meeting in Chicago, and the transportation executives who attend the White House conference will take to the Chicago meeing the ideas advanced for general discussion there.

Secretary Lamont and other officials of the commerce department will attend Wednesday's conference of industrial leaders, which is also to include representatives of the financial and public utilities fields.

Agriculturalists Called.

Especial attention will be paid to the possibility of stimulating exports when the agricultural leaders gather with the president on Thursday. The meeting will be attended by Secretary Hyde of the agriculture department and Chairman Legge of the federal farm board.

No precise date has been fixed for the meeting of labor spokesmen which is to follow.

Particularly, Mr. Hoover hopes to stimulate American building of both a private and public nature in order to take up any slack in employment which might result from the stock market crash, and a possible decrease in the demand for articles commonly classed as luxuries. His position is that much building has been deferred because of the high interest rates that predominated the collateral field as capital was poured into the security markets. Now, however, the money rate has fallen, and the president regards the present as an auspicious time for undertaking building programs that have been delayed.

He contemplates an expansion of construction by the federal government, state governments, municipalities, public utilities and shippers, with a concomitant increase in trade in lines furnishing articles necessary to the builder. He sees a promising avenue in marine construction and regards this field as furnishing almost as great an opportunity for expanded trade as does the building of public works, because of the many ields of manufacturing that are beneficially affected.

Court House News

District Clerk's Office.

The following cases were filed:

Mrs. Gussie Tucker et al vs. L. J Slagle, partition of 174 acres D. R. Mitchell and 80.15 acres E. Melton surveys.

V. McMurray, deputy sheriff, has resigned his commission under Rufus Pevehouse, sheriff, and Jack Floyd of Kerens has been appointed as deputy sheriff, it was announced Friday morning at the sheriff's office. Mr. Floyd will begin work at once.

Jack Banks, negro, who received a three-year suspended sentence in the district court Thursday on an indictment for forgery, was turned over to Ellis county officers Thursday afternoon and was taken to Waxahachie where he is to face similar charges in connection with an alleged forgery of a check in the Italy community. Banks was arrested by Jailer Clyde Wilkes immediately after sentence was pronounced on him by District Judge Hawkins Scarborough. Local officers were advised that the Ellis county officers wanted Banks during the progress of the trial here Thursday.

Sidney Tasker was arrested at Frost Thursday night by Deputy Sheriff J. M. Westbrook and brought to Corsicana and lodged in the Navarro county jail. Tasker's bond was recently forfeited in the district court when the accused man failed to appear when his case was called for trial.

Tax Assessor's Office.

Mrs. Bettie Springfield is a new employee of the tax assessor's office, E. F. (Mose) Wells, tax assessor, announced Friday morning.

Warranty Deeds.

R. B. Ivie to R. N. Ivie, 5-6 interest in 36 acres David Clary and Wm. Cox surveys, $10 and other considerations.

J. B. Fesmire et ux to A. J. Grady, lots 1, 2, 3 and 4, block D, Caruthers addition, Blooming Grove, $600.

Jennie C. Lee to Mary C. Tanner and J. Tanner 34 2-3 acres R. Williams tract, $2,000.

D. T. Collins of Cryer Creek was a business visitor in Corsicana Saturday.

COTTON GINNINGS IN TEXAS PRIOR TO NOVEMBER 1, GIVEN

NAVARRO COUNTY HOLDS 4TH PLACE IN LIST OF COTTON PRODUCING COUNTIES

WASHINGTON, Nov. 18.—(SP)—The department of commerce, through the bureau of the census, announces the preliminary report on cotton ginned by counties, in Texas, for the crops of 1929 and 1928 prior to November 1. The total for the state was made public Friday, November 8.

(Quantities are in running bales, counting round as half bales. Linters are not included.):

REPORTS INDICATE FALL AND WINTER BUSINESS BE BEST

(Continued From Page 1.)

479,000, representing a total higher than that of the corresponding week in 1928.

Port Arthur Outlook Good.

PORT ARTHUR, Nov. 18.—(AP)—Bankers and industrial leaders here concur with the sentiment expressed by department of commerce officials in Washington that business is on a sound and prosperous basis.

Industrial expansion programs in Port Arthur, a $1,500,000 jetty construction contract, a substantial increase in new building including two $250,000 bank buildings, has cut unemployment approximately 8 per cent from a year ago, bankers state.

Optimism in Panhandle.

PAMPA, Nov. 18.—(AP)—With the very best early winter wheat prospects of several years, farmers and business men of the North Panhandle plains were inclined to view the financial outlook with optimism. A bumper crop this yast year made it possible for many of the farmers to liquidate their debts. Oil well drilling also was expected to be resumed sooon.

Bank Depsits Increase.

PLAINVIEW, Nov. 18.—(AP)—Increased bank deposits over those of last year reflect the general prosperous condition of this section. Two reasons for this, it was said, were greater sales of dairy products and a good cotton crop. The wheat acreage alsowas said to be above normal.

Never Better at Denison

DENISON, Nov. 18.—(AP)— Business men here termed the financial condition "nevre better." Several manufacturing plants were being constructed, including the enlarging of a cheese plant. All were optimistic of the future.

San Antonio Business Grows

SAN ANTONIO, Nov. 18. —(AP)—Retail sales in San Antonio Saturday were the largest of the entire fall. Merchants today forecast the greatest holiday trade in the history of San Antonio and are carrying the largest and most expensive stocks they have ever had. Bank statements show a prosperous condition with savings gaining,

Rail Improvements.

FORT WORTH, Nov. 18.—(AP)—In a telegram to the Star Telegram today, President J. M. Kurn of the Frisco railroad sad that Texas lines will share in the $14,000,000 worth of improvement contracts which will be awarded in St. Louis this week.

Fort Worth to Build.

FORT WORTH, Nov. 18.—(AP)—Fort Worth Council will sell $800,000 in bonds tomorrow to finance municipal improvements, such as paving and sewer building. Work also started this week on $600,000 in improvements. Every effort is being made by local authorities to promote construction work and to finance improvements in order to discount any stock market depression or pessimism.

Outlook Best Ever

WACO, Nov. 18.—(AP)—Waco and its surrounding trade territory have never entered a Christmas season filled with more promise of as much business, business men here said.

Whether depreciation in the cotton yield or the market slump on the commodity has resulted has more than been made up by the diversification program launched last year and with the securing of a large milk plant condensary. Much building is being carried on or has been planned.

Bankers Optimistic.

GAINESVILLE, Nov. 18.—(AP)—Gainesville bankers are little perturbed over the near stock panic in Wall Street, exepcting a rapid return to normal. Trading on farm staples had decreased materially, but bankers say the direct effect of the stock market collapse will be a return of idle money to home enterprises.

Valley In Good Shape.

HARLINGEN, Nov. 18.—(AP)— A successful winter season is in store for the Lower Rio Grande Valley, business men here believe. Already 1,000 cars of citrus fruit have been shipped while about 4,000 more will be moved. Teh heavy vegetable exporting has just begun.

Corsicana Outlook Bright.

CORSICANA, Nov. 18.—(AP)— Optimism for the future prevails in Corsicana business circles since the Navarro county cotton crop topped the 80,000-bale mark and total bank deposits in the county seat showed an increase of approximately $750,000 over the same period last year. Indications are a $400,000 civic improvement bond issue in Corsicana will carry in the Nov. 26 election.

American Reported Killed in Mexico

WASHINGTON, Nov. 18.—(AP)—American Consul Herbert S. Bursley at Guaymas, Mexico, informed the state department today he was investigating a report from a reliable source that J. S. Youngblood, an American, was shot and killed at his home, about two miles from Esperanza, Sonora, on the night of November 15.

Youngblood's birthplace was given as Hemphill, Texas.

In October, Youngblood reported to the consul he had been shot and wounded at his farm, after returning from Esperanza. Police were unable to determine cause for the shooting.

BUILDING PLANS OF TEXAS PACIFIC BEFORE I. C. BODY

LINE WOULD BE BUILT FROM BALLINGER TO SAN ANGELO OVER OPPOSITION

WASHINGTON, Nov. 18.—(AP)—Building plans of the Texas and Pacific system for extending a line 40 miles from Ballinger to San Angelo in Texas against the opposition of the Santa Fe system came up today for further consideration in an interstate commerce commission hearing.

The inquiry began in San Antonio last month when formal application of the Abilene and Southern, subsidiary of the T. and P., to spend $2,000,000 on the construction and objections of the Santa Fe company were recorded.

Today's proceedings began with the testimony of A. J. Biard, Auditor o fthe Texas and Pacific system, as to valuations and operating results of that property.

J. B. Payne, vice president of the Texas and Pacific in charge of traffic, was recalled after Biard's appearance to enable Santa Fe counsel to cross examine him on his San Antonio statement. Payne repeated in answer to queries of G. B. Ross, Santa Fe attorney, his original statement that the extension would reach "the large and rapidly developing agricultural territory around San Angelo, with oil field service opportunities as well."

He said his line hoped to participate in this traffic. He repeated also the declaration that the extension would improve passenger service in territories south of Abilene, although he told Ross he had been able "only in a general way" to study bus and truck facilities for transportation in that area.

A number of statistical exhibits, relating to rates and operations in the Texas territory were filed. Examiner H. C. Davis, conducting the inquiry, will be called upon to recommend after testimony has been completed such actions as he concludes the commission should take on the application.

Girl Spanked For Untruth Took Life Shortly Afterward

HAMILTON, Ohio, Nov. 18.—(AP)—Jane Letley, 13-year-old school girl, died in a hospital here today as a result of shooting herself in the head last night soon after her father spanked her.

The girl told her father she was going to visit a neighbor last night. Later he telephoned and learned the daughter had not visited there. He spaked Jane when she returned home because she failed to tell him the truth. The child immediately went upstairs and shot her self with a revolver.

EASTLAND MAN IS SENTENCED; AVERS INNOCENCE TO END

JUDGE BEEN ASSERTS JURY HAS DECIDED CASE; ADVISES PREPARATION

EASTLAND, Nov. 18.—(AP)—Still denying his guilt, E. V. Allen today was sentenced to electrocution Jan. 17, 1930, for his part in the robbery of the First State Bank of Carbon on Dec. 13, 1927.

Allen appeared calm when Judge Elzo Been asked him whether he had anything to say.

"I would like to say further, judge, that when you sentence me you are sentencing an innocent man."

"The jury has passed on that," Judge Been replied.

Passing sentence, Judge Been reviewed the case and told Allen the testimony showd the convicted man had lived a "life of crime" and that while it was true no one was killed in the robbery that was not Allen's fault. He admonished Allen to read his Bible and prepare to meet "God, a judge who never commits an error, who never misjudges a heart, and from whose decision there is no appeal."

Smugglers Wounded And Captured When Officers Appeared

LAREDO, Nov. 18. —(AP)— One smuggler was wounded and three others were captured in fights with federal officers on the Rio Grande Saturday night, it was learned today. No officers were wounded in eithre of the two fights. In one they captured three prisoners and confiscated 42 bottles of liquor. In the second, a smuggler was wounded in the left shoulder, and 60 bottles of alcohol were taken.
